WINTER 2010-SPRING 2011 COUPON PROGRAM

Give your customers something this Christmas that will bring them back to your store next spring. Coupons are a great way to say thank you to your customers for shopping at your store. Giving free plants generates more sales!

Coupons are full colour with your store information imprinted. Hand them out at the cash register with every purchase. Set-up an in-store display at a strategic location in the Spring to highlight the redemption.

Each coupon costs **\$.07 cents (\$7.00/ 100)** for a single-sided imprint. The minimum order is **500 coupons**. Your cost is **\$35.00** for a minimum order of 500 coupons.

All of the bulbs will be packaged in our Form and Fill type packaging including a full colour sticker with a full description and planting instructions. **The cost per package is listed for each variety in the order form below. The minimum product order is 100 pkgs.** The return rate on the coupons, in our experience, is approximately 15-30%, so place an order for enough packages. We will carry extra product through the shipping season for re-orders.

PLACE YOUR ORDER AND FAX TO YOUR SALES REP!
