Animal Reports

Rough Draft / Edit Sample

Polar Bear

Let me tell you about an interesting animal -
 The polar bear. A polar bear's scientific name is
 Ursus maritimus. The class is carnivora. It has
 an unusual order name Ursidae. Like every
 animal a polar bear has a scientific family, the polar
 and black bear. The polar bear's fur and bear
 thick layers of fat beneath their skin comes
 protect them in the bitter cold. from

Polar bears' scientific genus is Thalacetos. Polar
 bears have a keen sense of smell. They
 can smell food as much as 10 miles (16
 kilometers) away can sniff out seals' dens
 covered by thick layers of snow and ice. Polar
 bears are also good climbers and good
 swimmers. Their species is called
 Ursus maritimus.

Did you know you can see a polar
 bear's black nose from 6 miles away? The fur on
 might look like it's white but don't get fooled
 because it's really clear and the sun reflects off it.
 The polar bear's habitat is Arctic. I know I don't live in
 cold places, but a polar bear's habitat is in a
 cold climate. It is cold, wet, damp, and cool.

It can be tall. It can weigh more than
 a person can lift. It can weigh more than
 1,000 lbs. or 1,000 lbs. It is 8 to
 11 feet tall. It gives live birth. Gestation period is 9
 months. People are their threat. They eat seals,
 fish, and other sea animals. Polar bears are
 well suited for life on the ice of tundra. They
 are strong and active over the water at their

Name _____ Date _____
Animal Research for Animal Report

Complete the form to organize your research. You will use your research to write your report.

NAME

Common name: _____

Scientific name: _____

Class: _____

Order: _____

Family: _____

Genus: _____

Species: _____

ENVIRONMENT

Location: _____
(Where are these animals found?)

Habitat: _____

(Describe where these animals are found.)

Size: _____

(Length, Height, Weight)

BEHAVIOR

Reproduction: _____

Gestation: _____
(How long does it take to have a newborn baby?)

Activity Time _____ **Day or Night** (nocturnal)

Threat to species: _____
(What things are possibly

Unit 2, Activity 5, Sample Research Report (continued)

harmful to this animal?) _____

Food: _____

Interesting Facts: _____

Other things I want to share about this animal: _____

(Attach a sheet of loose-leaf paper if you wish to add more information.)

Bibliographic Resources:

1. _____

2. _____

3. _____

Draw your animal for the cover of your report.
