Important Tax Information for 2014

Passive Activity Reporting

The Internal Revenue Code requires certain taxpayers to treat their ownership of a publicly traded partnership (“PTP”) as a separate “activity” on their income tax returns. KKR (including its predecessors) has been treated as a PTP (and therefore subject to these rules) for each year of its existence.

In addition, KKR Financial Holdings LLC (“KFN”), an affiliate of KKR, has been treated as a PTP for each year of its existence. On April 30, 2014, KKR acquired 100% of the common shares of KFN. However, because KFN’s preferred shares remain listed on the NYSE, KFN continues to be treated as a PTP separate from KKR.

The amounts reported on the face of this Schedule K-1 include *both* the standalone activities of KKR *and* KKR’s share of KFN’s activities for the period following the acquisition, each of which must be separately reported on your tax returns. **In effect, your ownership of KKR common units on or after April 30, 2014 is treated as the ownership of two PTP’s for U.S. income tax purposes.**

To assist our unitholders in applying the passive activity rules to PTP’s, we have included within this package a “Supplemental K-1 Schedule for Tax Year 2014” which separately discloses KKR’s and KFN’s income, deductions, credits and other items needed to file your 2014 income tax returns, as well as an additional “2014 State Schedule” which separately discloses KKR and KFN’s state-source income and deductions.

The passive activity rules are complex. Please refer to pages 3 and 4 of the enclosed IRS Partner’s Instructions for Schedule K-1 (Form 1065), IRS Publication 925 and/or Forms 8582 and 8582-CR for more information on how to apply the passive activity rules to PTPs, or consult your tax advisor regarding your specific reporting requirements.

Disclosures Specific to Oil, Gas & Energy Investments

Both KKR and KFN reported amounts on Schedule K-1 lines 13J, 17D-F and 20T. Those amounts have not been taken into account in determining your share of Ordinary Business Income/(Loss) reported on Line 1, but must be taken into account in determining your taxable income.

Depending on your particular circumstances, and based upon elections you may choose to make with regard to these items, the taxable income you report with respect to KKR and KFN may differ from the amounts reported in your capital account reconciliation (Item L) and in Column 6 of the 2014 Sales Schedule. Please refer to the Supplemental Tax Disclosures at the end of this Schedule K-1 for further information and consult your tax advisor regarding any specific elections that may result in differences between reported taxable income and adjusted tax basis in this Schedule K-1.

13T4	\$ 587	Costs of goods allocable to all sources
13T5	\$ 479	Oil-related domestic production deductions, expenses, and losses
13T6	\$ 2,106	Total deductions, expenses, and losses
13T7	\$ 8	Wages properly allocable to domestic production gross receipts
		Your allowable IDC (line 13J) and depletion (line 20T) deduction should be treated as an increase to your amount of total deductions, expenses and losses directly allocable to domestic production gross receipts.
15O	\$ 0	This amount represents your share of backup withholding from investments.
16I	\$ 353	This amount represents your share of foreign source passive deductions which are sourced at the partnership level.
16L	\$ 0	This amount represents your share of foreign taxes paid.
17D	\$ 2,496	This amount represents your share of oil, gas, and geothermal income.
17E	\$ 851	This amount represents your share of oil, gas, and geothermal deductions.
17F	\$ 2,971	This amount represents your share of excess intangible drilling costs.
17D-17F		The amount shown in lines 17D, 17E and 17F should be used to help determine whether any IDC needs to be reported as a preference item on Form 6251, line 26 in the calculation of AMT. Before beginning the calculation, see line 13J instructions. If you elect to capitalize the entire amount of IDC under IRC §59(e), you will not have any preference IDC and do not need to complete the worksheet. Generally, IDCs from oil, gas, and geothermal properties are an AMT tax preference to the extent excess IDCs exceed 65% of the net income from the properties. Line 17F provides the amount of excess IDCs. Net income from the properties is determined from gross income (line 17D) less oil and gas deductions (line 17E), less depletion (line 20T), less any amortization of capitalized IDC.

<u>K-1 Line</u>	<u>Amount</u>	<u>Footnote</u>
		<u>Depletion Information - Oil and Gas</u>
20T		The following amounts are your share of Line 20T items:
20T1	\$	558 Total sustained - assumed allowable depletion - Working Interests
20T2		47 Partner's share of production quantity
20T3	\$	457 Cost depletion - Working Interests
20T4	\$	49 Percentage depletion in excess of cost depletion - Working Interests
20T5	\$	54 Percentage depletion in excess of basis - Working Interests
20T6	\$	113 Total sustained - assumed allowable depletion - Royalty Interests
20T7	\$	4 Cost depletion - Royalty Interests
20T8	\$	109 Percentage depletion in excess of cost depletion - Royalty Interests
20T9	\$	0 Percentage depletion in excess of basis - Royalty Interests

Generally, the depletion of oil and gas property held by a partnership is calculated by the partners as if they owned their shares of the property directly. As a convenience to you, KKR has computed your allocable share of statutory (percentage) depletion and cost depletion from KKR's oil and gas activities based on certain assumptions. You are entitled to take as a deduction the greater of percentage depletion or cost depletion per property which has been reflected in line 20T1 for your share of the partnership's working interests. Please note that this amount has not been deducted in the calculation of line 1. You are also entitled to take as a deduction the greater of percentage depletion or cost depletion per property on your share of the partnership's royalty interests which has been reflected in line 20T6. Please note that this amount has not been included in the calculation of line 13I Deductions - Royalty income.

However, the deduction for percentage depletion might be limited depending on your taxable income or production volume limit (line 20T2). Generally, the percentage depletion portion of the total sustained depletion deduction (line 20T4) is limited to 65% of the amount of your taxable income before the percentage depletion deduction and without regard to any net operating loss carryback or capital loss carryback. Any portion of percentage depletion deduction disallowed under the 65% limit may be carried over. Additionally, your ability to take the deduction in the current year may be restricted if you have a net passive activity loss from KKR for the year. Please note that independent producers and royalty owners are the only taxpayers eligible for percentage depletion. An independent producer is generally anyone other than a "retailer" or "refiner."

20V Unrelated Business Taxable Income ("UBTI")

Certain tax-exempt organizations, including, but not limited to, qualified pension, profit-sharing and stock bonus plans, and Individual Retirement Accounts, may be subject to federal income tax with respect to UBTI.

A portion of these organizations' allocable share of KKR's income is UBTI since it is attributable to debt-financed property and oil and gas working interests. UBTI reported in line 20V does not include the deduction for IDC in line 13J and sustained depletion in line 20T1 and 20T6. These deductions are taken at the partner level and you will need to adjust line 20V2 (or 20V4, as applicable) to include the amount of these deductions taken on your income tax return to arrive at UBTI.

Supplemental Disclosure for U.S. Persons
Tax Year Ended December 31, 2014

THE INFORMATION PRESENTED BELOW IS BEING PROVIDED ON BEHALF OF UNITHOLDERS FOR THE PURPOSE OF MEETING THEIR U.S. TAX REPORTING OBLIGATIONS AND SHOULD NOT BE CONSTRUED AS TAX ADVICE. UNITHOLDERS SHOULD CONSULT THEIR TAX ADVISOR REGARDING THEIR SPECIFIC REPORTING OBLIGATIONS WITH RESPECT TO OWNING UNITS OF KKR.

During 2014, KKR made investments in or through various non-U.S. entities. Because U.S. Persons are generally required to report the direct and indirect acquisition, ownership and/or disposition of interests in such entities, you may be required to file one or more of the following:

- Form 926 Return by a U.S. Transferor to a Foreign Corporation
- Form 8621 Return by a Shareholder of a Passive Foreign Investment Company

In an effort to reduce the reporting burden on our unitholders, we have pre-populated each of these forms with information applicable to all required filers. Those forms can be viewed and downloaded from the K-1 & Tax Information area of KKR's website at http://ir.kkr.com/kkr_ir/kkr_taxinfo.cfm. The additional unitholder-specific information required to complete and file those forms is presented on the following pages.

For the tax year ended December 31, 2014, unitholders of KKR & Co. L.P. common units are not required to file Form 8865 with respect to their investment in KKR.

Supplemental Disclosure – Form(s) 926
Tax Year Ended December 31, 2014

During 2014, KKR transferred cash and/or property to one or more non-U.S. entities treated as corporations for U.S. tax purposes. As a unitholder of KKR, you are treated as having made indirect transfer(s) to these corporations proportionate to your ownership of KKR.

In general, U.S. persons must report those transfers by filing IRS Form 926 with their income tax return for the year in which such transfer(s) occur.¹ Transfers are generally reportable if, as a result of such transfer, the transferor acquires 10% or more of the transferee OR if such amounts equal or exceed \$100,000.

This determination must be made for each transferee corporation. Transfers to separate entities should not be aggregated. A separate Form 926 should therefore be filed for each corporation to which you made a transfer.

As noted in the Supplemental Disclosure for U.S. Persons above, pre-populated forms are available to view and download from the K-1 & Tax Information area of KKR's website at: http://ir.kkr.com/kkr_ir/kkr_taxinfo.cfm.

Supplemental Disclosure - PFIC Reporting
Tax Year Ended December 31, 2014

KKR owns indirect interests in non-U.S. entities which are treated as Passive Foreign Investment Companies ("PFIC's") under U.S. tax law. As a unitholder of KKR, you are treated as owning an indirect interest in these PFIC's. Please contact your tax advisor with regard to your specific reporting obligations.

If you are a non-U.S. person with U.S. investors, please provide this information to your investors so that they may meet their reporting obligations.

As a general matter, U.S. persons owning PFIC shares do not recognize PFIC income until a distribution is received or there is an actual or deemed disposal of the PFIC. However, the tax payable on such deferred income is subject to an additional interest charge from the date the income was earned. The interest charge can be avoided by electing to treat the PFIC as a Qualified Electing Fund ("QEF") and to recognize the PFIC's income currently.

***** IMPORTANT *****

PRIOR TO JULY 15, 2010, KKR WAS ORGANIZED AS A NON-U.S. PARTNERSHIP AND UNABLE TO ELECT QEF STATUS WITH REGARD TO THOSE PFIC'S IN WHICH IT OWNED INTERESTS. ON JULY 15, 2010, KKR WAS RE-ORGANIZED AS A DOMESTIC PARTNERSHIP. AS OF THAT DATE, KKR BECAME ELIGIBLE, AND BEGAN MAKING QEF ELECTIONS WITH RESPECT TO, ITS INTERESTS IN THOSE PFIC'S BY FILING FORMS 8621 ON BEHALF OF ITS UNITHOLDERS. PFIC ACTIVITY OCCURRING AFTER THAT DATE HAS BEEN INCLUDED IN THE TAXABLE INCOME REPORTED ON YOUR SCHEDULE K-1.

THEREFORE, UNITHOLDERS WHO ACQUIRED KKR UNITS ON OR AFTER JULY 15, 2010 NEED NOT FILE FORM 8621 WITH RESPECT TO PFIC INTERESTS OWNED BY KKR AND MAY DISREGARD THE FOLLOWING PFIC DISCLOSURES AND ANNUAL INTERMEDIARY STATEMENTS.

For those unitholders obligated to report their income from, and ownership of, PFIC's held by KKR, we are providing the following information:

- Inventory of KKR's current and prior PFIC investments; and
- PFIC Annual Intermediary Statements.

Tax Year Ended December 31, 2014

For unitholders that acquired KKR & Co. L.P. common units prior to July 15, 2010, the PFIC information reported previously on Lines 6a and 9a relates to you for the following investments:

KKR Aricent Holdings Limited
KKR Strategic Capital Institutional Fund Ltd.
KKR Debt Investors 2006 Sarl

If you HAVE previously made QEF elections with respect to your interest in the above PFIC's, DO NOT include the amounts on Lines 6a and 9a in your taxable income. Instead, include your share of the Ordinary Earnings and Capital Gain reported to you in the attached PFIC Annual Intermediary Statements.

If you HAVE NOT previously made QEF elections with respect to your interest in the above PFIC's, DO NOT include the amounts on Lines 6a and 9a in your taxable income. Instead, include in your Ordinary Income your share of the PFIC Distributions reported to you in the attached PFIC Annual Intermediary Statements. Pursuant to IRC §1291(c) (1), an interest charge may be due and payable with your tax return.

Please note that the distribution amount on Line 19A of your Schedule K-1 includes distributions from all investments made by KKR. Thus, for purposes of calculating tax basis in your partnership interests (whether or not you made a QEF election), refer to Line 19A and disregard the distribution amount included in the PFIC Annual Intermediary Statements.

Any supplemental information required on the new Form 8621 as a result of the Temporary Regulations under IRC §1298(f) is provided on the PFIC Annual Intermediary Statements attached.
