Executive Summary School Accountability Report Card, 2009–10

# **Challenger Elementary Community Day School**

Address: 345 South Eleventh St., Chowchilla CA 93610 Principal: Karen Worobey Phone: (559) 665-3204 Grade Span: 1 - 6

This executive summary of the School Accountability Report Card (SARC) is intended to provide parents and community members with a quick snapshot of information related to individual public schools. The data presented in this report are reported for the 2009–10 school year, except the School Finances and School Completion data that are reported for the 2008–09 school year. For additional information about the school, parents and community members should review the entire SARC or contact the school principal or the district office.

#### About This School

Challenger Elementary Community Day School opened in August 2005. The students assigned to the Challenger Elementary Community Day School meet the conditions of Education Code Section 48662(b), including the priorities listed therein. Without a Community Day School in Chowchilla for the elementary grades, referred students from Chowchilla Elementary School District would be assigned to an Independent Study program as an alternative educational program.

## **School Facilities**

#### **Summary of Most Recent Site Inspection**

The site was inspected on a regular basis during the 2009-2010 school year with the first inspection done prior to the opening of school in August 2009. Needed repairs were addressed immediately in order to ensure a clean and safe campus for students and staff. The school facility has sufficient classroom, playground, and staff spaces to support teaching and learning. The general condition of the school is good and is cleaned every afternoon. District maintenance staff ensures that the repairs necessary to keep the school in good repair and working order are completed in a timely manner. A work order process is used to ensure efficient service and that emergency repairs are given the highest priority.

# School Accountability Report Card Reported Using Data from 2009–10 School Year Published During 2010–11

The School Accountability Report Card (SARC), which is required by law to be published by February 1 of each year, contains information about the condition and performance of each California public school. More information about SARC requirements is available on the California Department of Education (CDE) SARC Web page at <a href="http://www.cde.ca.gov/ta/ac/sa/">http://www.cde.ca.gov/ta/ac/sa/</a>. For additional information about the school, parents and community members should contact the school principal or the district office.

## I. Data and Access

## DataQuest

*DataQuest* is an online data tool located on the CDE *DataQuest* Web page at <a href="http://dq.cde.ca.gov/dataquest/">http://dq.cde.ca.gov/dataquest/</a> that contains additional information about this school and comparisons of the school to the district, the county, and the state. Specifically, *DataQuest* is a dynamic system that provides reports for accountability (e.g., state Academic Performance Index [API], federal Adequate Yearly Progress [AYP]), test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners.

### **Internet Access**

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

## Core Academic Classes Taught by Highly Qualified Teachers (School Year 2009– 10)

This table displays the percent of classes in core academic subjects taught by Highly Qualified Teachers as defined in the Elementary and Secondary Education Act (ESEA), in a school, in all schools in the district, in high-poverty schools in the district, and in low-poverty schools in the district. High poverty schools are defined as those schools with student eligibility of approximately 40 percent or more in the free and reduced price meals program. Low poverty schools are those with student eligibility of approximately 25 percent or less in the free and reduced price meals program. More information on teacher qualifications required under the ESEA can be found on the CDE Improving Teacher and Principal Quality Web page at <a href="http://www.cde.ca.gov/nclb/sr/tg/">http://www.cde.ca.gov/nclb/sr/tg/</a>.

## VI. Support Staff

## Academic Counselors and Other Support Staff (School Year 2009–10)

This table displays, in units of full-time equivalents (FTE), the number of academic counselors and other support staff who are assigned to the school and the average number of students per academic counselor. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time.

## **IX. Student Performance**

### **Standardized Testing and Reporting Program**

The Standardized Testing and Reporting (STAR) Program consists of several key components, including the California Standards Tests (CSTs); the California Modified Assessment (CMA), and the California Alternate Performance Assessment (CAPA). The assessments under the STAR program show how well students are doing in relation to the state content standards. The CSTs include English-language arts (ELA) and mathematics in grades two through eleven; science in grades five, eight, and nine through eleven; and history-social science in grades eight, and nine through eleven. The CAPA includes ELA and mathematics in grades two through eleven, and science for grades five, eight, and ten. The CAPA is given to those students with significant cognitive disabilities whose disabilities prevent them from taking either the CSTs with accommodations or modifications or the CMA with accommodations. The CMA is an alternate assessment that is based on modified achievement standards in ELA for grades three through nine, mathematics for grades three through seven and Algebra I and science in grades five, eight, and ten. The CMA is designed to assess those students whose disabilities preclude them from achieving grade-level proficiency on an assessment of the California content standards with or without accommodations. On each of these assessments, student scores are reported as performance levels. Detailed information regarding the STAR Program results for each grade and performance level, including the percent of students not tested, can be found on the CDE Standardized Testing and Reporting (STAR) Results Web site at http://star.cde.ca.gov. Program information regarding the STAR Program can be found in the Explaining 2009 STAR Program Summary Results to the Public guide at http://www.cde.ca.gov/ta/tg/sr/documents/pkt5intrpts09.pdf.

Note: Scores are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy. In no case shall any group score be reported that would deliberately or inadvertently make public the score or performance of any individual student.

## **California High School Exit Examination**

The California High School Exit Examination (CAHSEE) is primarily used as a graduation requirement. However, the grade ten results of this exam are also used to establish the percentages of students at three proficiency levels (not proficient, proficient, or advanced) in ELA and mathematics in order to compute AYP designations as required by the federal NCLB Act of 2001. Detailed information regarding CAHSEE results can be found on the CDE California High School Exit Examination (CAHSEE) Web site at <u>http://cahsee.cde.ca.gov/</u>. Note: Scores are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy, or to protect student privacy. In no case shall any group score be reported that would deliberately or inadvertently make public the score or performance of any individual student.

## California Physical Fitness Test Results (School Year 2009–10)

The California Physical Fitness Test is administered to students in grades five, seven, and nine only. This table displays by grade level the percent of students meeting the fitness standards for the most recent testing period. Detailed information regarding this test, and comparisons of a school's test results to the district and state levels, may be found on the CDE Physical Fitness Testing Web page at <a href="http://www.cde.ca.gov/ta/tg/pf/">http://www.cde.ca.gov/ta/tg/pf/</a>. Note: Scores are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy, or to protect student privacy. ## **Academic Performance Index**

The Academic Performance Index (API) is an annual measure of state academic performance and progress of schools in California. API scores range from 200 to 1,000, with a statewide target of 800. Detailed information about the API can be found on the CDE Academic Performance Index (API) Web page at <u>http://www.cde.ca.gov/ta/ac/ap/</u>.

### Academic Performance Index Ranks – Three-Year Comparison

This table displays the school's statewide and similar schools' API ranks. The statewide API rank ranges from 1 to 10. A statewide rank of 1 means that the school has an API score in the lowest ten percent of all schools in the state, while a statewide rank of 10 means that the school has an API score in the highest ten percent of all schools in the state. The similar schools API rank reflects how a school compares to 100 statistically matched "similar schools." A similar schools rank of 1 means that the school's academic performance is comparable to the lowest performing ten schools of the 100 similar schools, while a similar school's academic performance is better than at least 90 of the 100 similar schools.

This table displays, by student group, the 2010 Growth API at the school, LEA, and state level.

## **Adequate Yearly Progress**

The federal Elementary and Secondary Education Act requires that all schools and districts meet the following Adequate Yearly Progress (AYP) criteria:

- Participation rate on the state's standards-based assessments in ELA and mathematics
- · Percent proficient on the state's standards-based assessments in ELA and mathematics
- API as an additional indicator
- Graduation rate (for secondary schools)

Detailed information about AYP, including participation rates and percent proficient results by student group, can be found on the CDE Adequate Yearly Progress (AYP) Web page at <a href="http://www.cde.ca.gov/ta/ac/ay/">http://www.cde.ca.gov/ta/ac/ay/</a>.

## Adequate Yearly Progress Overall and by Criteria (School Year 2009–10)

This table displays an indication of whether the school and the district made AYP overall and whether the school and the district met each of the six AYP criteria described above.

AYP Criteria	School	District
Overall	Yes	No
Participation Rate - English-Language Arts	Yes	Yes
Participation Rate - Mathematics	Yes	Yes
Percent Proficient - English-Language Arts	Yes	No
Percent Proficient - Mathematics	Yes	No
API	N/A	Yes
Graduation Rate	N/A	No

#### Federal Intervention Program (School Year 2010–11)

Schools and districts receiving federal Title I funding enter Program Improvement (PI) if they do not make AYP for two consecutive years in the same content area (ELA or mathematics) or on the same indicator (API or graduation rate). After entering PI, schools and districts advance to the next level of intervention with each additional year that they do not make AYP. Detailed information about PI identification can be found on the CDE Adequate Yearly Progress (AYP) Web page at <a href="http://www.cde.ca.gov/ta/ac/ay/">http://www.cde.ca.gov/ta/ac/ay/</a>.

Year in Program Improvement	N/A	N/A
Number of Schools Currently in Program Improvement	N/A	N/A
Percent of Schools Currently in Program Improvement	N/A	N/A

## **XI. School Completion and Postsecondary Preparation**

## Admission Requirements for California's Public Universities

## **University of California**

Admission requirements for the University of California (UC) follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college course work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work. For general admissions requirements, please visit the General Admissions Information Web page at <a href="http://www.universityofcalifornia.edu/admissions/general.html">http://www.universityofcalifornia.edu/admissions/general.html</a>. (Outside Source)

## **California State University**

Admission requirements for the California State University (CSU) use three factors to determine eligibility. They are specific high school courses; grades in specified courses and test scores; and graduation from high school. Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses utilize local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For general admissions requirements please visit the California State University Web page at <a href="http://www.calstate.edu/SAS/admreq.shtml">http://www.calstate.edu/SAS/admreq.shtml</a>. ## **Dropout Rate and Graduation Rate**

This table displays the school's one-year dropout rates and graduation rates for the most recent threeyear period for which data are available. For comparison purposes, data are also provided at the district and state levels. Detailed information about dropout rates and graduation rates can be found on the CDE *DataQuest* Web page at <u>http://dq.cde.ca.gov/dataquest/</u>.

## Career Technical Education Participation (School Year 2009–10)

This table displays information about participation in the school's CTE programs.

Measure	CTE Program Participation
Number of pupils participating in CTE	N/A
Percent of pupils completing a CTE program and earning a high school diploma	N/A
Percent of CTE courses sequenced or articulated between the school and institutions of postsecondary education	N/A

# Courses for University of California and/or California State University Admission (School Year 2008–09)

This table displays, for the most recent year, two measures related to the school's courses that are required for University of California (UC) and/or California State University (CSU) admission. Detailed information about student enrollment in, and completion of, courses required for UC/CSU admission can be found on the CDE *DataQuest* Web page at http://dq.cde.ca.gov/dataguest/.

UC/CSU Course Measure	Percent
Students Enrolled in Courses Required for UC/CSU Admission	N/A
Graduates Who Completed All Courses Required for UC/CSU Admission	N/A

## Advanced Placement Courses (School Year 2009–10)

This table displays, for the most recent year, the number of Advanced Placement (AP) courses that the school offered by subject and the percent of the school's students enrolled in all AP courses. Detailed information about student enrollment in AP courses can be found on the CDE *DataQuest* Web page at http://dq.cde.ca.gov/dataquest/.

# XII. Instructional Planning and Scheduling

## **Professional Development**

This section provides information on the annual number of school days dedicated to staff development for the most recent three-year period.

High-quality professional development activities designed by school personnel support instructional practices leading to improved student achievement. Teachers and administrators participated in a variety of conferences, workshops, and in-services. New teachers are provided with support from administration.
