

President's Message

by John Dobson

Plan your flight . . . fly the plan. Every time we deviate from this axiom we end up with a "smoking hole"! The same can be said for WPA events!

In October of 2003 your Board members got together to plan the 2004 event schedule. I admit that I complicated things when I tossed in four extra fly-out trips. It looked good on paper. We planned our flight. Most came off without a hitch. But, every time we hit rough air it was because we changed our plan in mid air. Hopefully, you didn't notice it. But, those of us on the inside felt the strain.

As I mentioned in our last newsletter, on October 9th at 3pm my wife and I are hosting a planning party at our house. Everyone is invited. For those that wish to eat and drink we have a large deck. For those who have some thoughts on how to do things better or just want to sit in and listen we have lots of space. We hope you will plan on attending

One of my goals for this meeting is to simplify what we do in 2005. Behind the scenes a great deal of time and effort is spent on WINGS. This is truly one of our premier events and also one of our most difficult. Equally as challenging is the arrangement for the monthly programs we all enjoy at our general meetings. I still think about the 10 years Gary Hill spent in charge of programs . . . unbelievable! Then there is the Christmas party that Carolyn and George Luck sponsor . . . truly one of our best attended events. No one has a clue how much effort goes into this one. Oh, and don't forget the September hangar party and what about GA days from Russ Keyes. He does it every year. And how can I forget Aviation Academy and then there is the website and the newsletter. And, how about the Mukilteo Lighthouse "fly-by" festival? And don't forget the fly outs to Victoria, Portland, Republic, Jackpot and Eastsound).

I think you can see where I am going with all of this. If we can entice just a few more members to get involved, maybe let a chairperson or two take a break for a year or two, we should be able to keep up the pace. Especially if we complete our flight plan, and stick to it.

See you on October 9th at 3pm!!

One last reminder, nominations for officers are due by the first part of October for the elections in November. We need a Director and possibly a Treasurer along with a President and Vice President. We are also looking for nominations for Pilot Awards. They are as follows: Pilot of the Year, Wright Stuff, Sponsor of the Year and Sparkplug of the Year. If you have someone you believe deserves these awards, please call me or send an email. To know more about the awards go to our web site at WPA-paine.org and click on By-laws.

October 1st Program & Pot Luck

Fly high and climb high
Fly north to wander forth
Fly low to rivers below:
Arctic Wanderings and Flying in Alaska and
The Yukon. Including glacier landings in
B.C. Slide show by Helga Byhre.
Because it is the start of a new school year,
the students at Sno-Isle are not ready to
provide the dinner for this meeting, so we
will be reverting to a POT LUCK for dinner
for this meeting.

Flyouts and "Hangar Flying"

by Rebecca Lohman

Fall appears to be "in the air". We got spoiled with the warm summer and great flying weather. However, here in the beautiful Pacific Northwest, we can also have absolutely

gorgeous fall weather as well, so don't be too quick to think "flying weather" is over.

We have had some great events over the past months, with more things to come. It does seem like there is just too many to have to choose one over the other. Such was the case for the Bremerton Blackberry Festival this year. We just weren't able to round up as many PAE "Flyers", for that Saturday fly-out, as we were going in so many different directions.

I do hope to see you each Saturday morning around 10:00 a.m. at Regal Air, Paine Field, as we gather to see where the group would like to fly to. Do remember on the Saturdays of our very educational maintenance classes, we will fly-out after the class. If the weather isn't good for flying, we gather at one of the nearby eating establishments, for lunch.

I'm still very optimistic that we can make a flight over to "the other side of the mountains", and I would like for us to try to make it down to Tillamook, OR to the flight museum. It's been far too many years ago, that we had 21 planes gather down there. We were very happy to have a couple of planes from other chapters join us and would like to see that to happen again.

Do continue to send me all of your suggestions of where you would like to see us go on a Saturday morning. (To date no one has responded – so y'all can't complain)

We need to invite others around the field to join us. We do have a lot of new planes with the opening of the new hangars just south of Runway 11/29. Get to know your hangar neighbors-. Invite non-pilots, let's get more people involved!

When? Most Saturday mornings, 10:00 a.m. (or 10:15 or so), and enjoy the flying experience with the rest of us. Remember if you fly with someone, do help out with the fuel costs, it's still less than going to a play, or ballgame.

Fly Safely,

Mukilteo Parade

WOW - What a job you all did! Thank you all for being here to help with this effort.

Roger, your T28 was the perfect leadoff bird. I'm sure it got the folks' attention on the parade route.

BlackJacks - you did a great job, and looked great from my vantage point on Paine Field.

Swifts - complete with smoke! What a great touch. Thanks for coming across the pond for us.

The Paine Field flight was awesome as well - with the two GlassAirs to lead the way for the Bonanza flight, and then the Arrow and two Cessnas. The spacing was just right I thought and the parade route got an airplane every minute or so.

Paine Tower - Thank you for a job well done. We kind of switched gears on you with out warning, with the 8 departing as a flight and landing as individuals. Thanks for being flexible and moving all the other traffic to 16L while we borrowed your airspace!

Again thanks to all that flew, showed up to ride and push airplanes, and take pictures. And, a huge thank you to Stephanie and Rich for all you did to make this happen. It would not have been an event without your guidance. Thanks Mom!
