

Hunter Safety Course

Hunter education is a long-standing public education program of the Kansas Department of Wildlife and Parks. State law mandates that anyone born on or after July 1, 1957 must complete a hunter education course and possess a certificate of course completion before hunting in Kansas (excluding hunters hunting on their own land).

The course includes training in hunter responsibility, ethics, fair chase, history of firearms, firearm basics, and more. Instructors will demonstrate safe firearms handling. No ammunition allowed!

All students will receive a program manual. Participants are required to read the entire manual and answer all the review questions. You must attend all classes for the entire time to be eligible for completion. Upon successful completion of the course, a certificate will be given.

The minimum age for certification is 11 years (by the day of the written test). Younger students may attend, but will not be certified. The instructors requests that students under 12 years of age be accompanied by an adult for the entire class. The course will be taught by certified Hunter Education Instructors. **Senior Building address: 128 E. Park St., Gardner, KS 66030.**
