

What is a CPSWQ?

A Certified Professional in Storm Water Quality is a designation that provides evidence of qualifications in stormwater management principles and methods. CPSWQ certification is available to those who have the educational training, as well as the demonstrated expertise and experience in computing, analyzing, and evaluating stormwater quality.

CPSWQ Certification Benefits

- ◆ Enhance your professional credibility.
- ◆ Promote public awareness of the stormwater profession.
- ◆ Have greater influence on policy decisions affecting technical and professional issues.
- ◆ Gain access to unique sources of information and educational opportunities.
- ◆ Improve your career by making more professional contacts.
