Total Project Cost:	\$
Total UWRWA Portion (Maximum of 75% of the total project cost)	
Total Applicant Portion (Minimum of 25% of the total project cost)	\$

I hereby certify that I own or have control of the above listed land under consideration for the UWRWA Cost-Share Program. I understand that in order to receive payment for implemented practices, an Operation and Maintenance Plan must be in place for the land benefited by this cost-share program before cost-share dollars will be paid. The party responsible for routine maintenance must be clearly identified in the plan. I also understand that structural practices on residential land, vegetative practices, and land management practices installed through this costshare program must be maintained for 5 years and structural practices on non-residential land must be maintained for 10 years. I further acknowledge that any dispute that I have regarding the status and approval of this application will be addressed by the Upper White River Watershed Alliance.

Date

Printed Name

I have read an example of an Operation and Maintenance Plan (available at <u>www.uwrwa.org/find/factsheets.asp</u>) for the type of practice I am installing and understand the regular maintenance that is expected. I am attaching an initialed copy of the document as part of my application.

This cost-share program was made possible through a Section 319 Grant from the United States Environmental Protection Agency (US EPA) under an assistance agreement with the Indiana Department of Environmental Management. Section 319 Grant guideline prohibit the use of grant funds for activities that include draining, dredging, flood control, incentive payments, yield loss payments, land payments, maintenance costs, large equipment purchases for individuals, costs of work required by federal regulations, or permit fees of any type.
