

STERLING HIGH SCHOOL
SUMMER REVIEW PACKET
FOR
ALGEBRA II HONORS

The completion of this review packet is a requirement for all students enrolled in Algebra II Honors at Sterling High School. It is a review of the essential mathematical skills necessary for success in Algebra II Honors and subsequent mathematics courses.

The packet is a graded assignment, and it must be completed to receive full credit. Please show all work for each problem. The teacher will review the material during the first week of school, and all material will be explained. A test will be given after all topics have been reviewed.

You must bring this packet with you on the first day of class. Students who have Algebra II Honors during the second semester must turn the packet in to their second semester math teacher by Friday of the first week of school.

Your teachers look forward to seeing you in September.

Have a wonderful summer, and GO KNIGHTS!
