

Forestry Assignment

September 2015

Name: _____

Group: _____

Individual Tree: _____

A. Tree Identification

1. Collection - You must collect, identify, press, and mount at least 20 different kinds of leaves taken from trees on the Tree Identification Guide list. This should be in the form of an **organized booklet**. You should use good quality leaves typical of that species and include the location.
2. Use of a tree key/Final test

B. Individual Tree Assignments

1. Display - You will be required to put together a neat, creative, hanging display. It should have examples or drawings of the leaves, twigs, buds, bark, flowers, and seeds.
2. Report- In your own words write a two page report about your tree.
You need to include:
 - a. Content- classification, habitat, range, description, relationship to man and nature (organized into paragraphs in this order)
 - b. Final Copy of report should include- cover page, outline, two page report, and bibliography
3. Two additional genres (types of writing or representations) connected to your tree. Possible genres include: poem, song, letter, poster, mural, map, diorama (with written explanation), advertisement, interview (real or imagined), radio broadcast, graphs, charts, wanted poster, diary or journal entry, comic strip (at least six frames), mosaic, collage, narrative essay, newspaper article, brochure, eulogy, persuasive essay, obituary, and descriptive narrative. These are only a few possibilities. If you come up with one of your own, please submit your idea to your teacher for approval.
