Suggestions for Art Entries

1. From January through June, select pieces and put them aside, informing the student and parents that the child's art is being kept safe in order to be entered into an art show the following September.
2. In order for the most children to have chances of having their art selected, keep track from year to year as to who gets their art displayed.
3. Enter only one piece from a successful class project, not multiple pieces of the same project.
4. Remember that this is not a venue for displaying the art of every one of your students, but a special art show where excellent pieces of art are shown.
5. Please try to mat or mount the art so that it is sturdy and shows the work off nicely.

Please cut out neatly & affix this label to the **front bottom** of each piece of artwork submitted:
