

# Verona Area High School ACT Prep Program 2014–15 Registration Form

Would you like to learn valuable test taking strategies to help you earn a higher score on the ACT?  
Sign up for the ACT Test Prep Course and Practice Test today!

The Verona Area High School ACT Prep Program offers students an ACT Practice Test followed by an ACT Test Prep Course. The Practice Test follows the exact same format as an actual ACT Test. Students receive a detailed performance report approximately one week after the test. Those results can then be used to help students focus on key areas during the Prep Course. The Prep Course focuses on the four subject areas covered by the ACT Test: English, Math, Reading, & Science. Each day of the 4-day course is devoted to one of those four subject areas. During each class students will be given subject-specific test taking tips, review commonly covered content, and work through a variety of practice problems in an effort to prepare students to take the ACT Test.

**\*\*\* To register for any ACT Prep Courses or ACT Practice Tests, check the appropriate tests/courses below \*\*\***

*Note: The program designers recommend that students take a practice test prior to the prep course. However, feel free to select courses and/or practice tests in any order you prefer. It is not required that any offerings be taken simultaneously.*
