Principal's Message

In the past weeks we have had Parent-Teacher Conferences and enjoyed a longer Thanksgiving holiday break. It's a good time to reflect upon and acknowledge our good fortune to have outstanding parents at Red Oak. We could run this school without parental support, but the quality of our efforts and the outcomes would be significantly diminished.

I would like our wonderful, supportive parents to know that we appreciate all their efforts to help our students to learn and grow. As a staff, we sense your caring, concern and interest in what's best for the children at Red Oak. This kind of home/school mutual support can only help but to enhance and enrich the educational program for your children. Parents who care and who are actively involved in the school do make a significant difference in the success of their children and other Red Oak children.

Also, we need to give a special thank you to our students, who have worked hard and demonstrated fine progress in all academic areas. They have continued to amaze us with their skills, creativity, and performance. Students have willingly served their school by their involvement in Student Council, Big and Little Buddies and demonstrating general kindness, respect and consideration for others. They serve their community by participating in activities such as Santa Comes to Agoura and donating Halloween candy to aid the less fortunate. Our students provide the joys and rewards that come from such an important responsibility as that of educating children.

A Note from the PFA President

Dear Family,

During this holiday season of thanksgiving, celebrating life and remembering those we have lost; I would like to share with you a beautiful short story my Mom shared with me last week. She is the strongest, most passionate, wisest and most beautiful women I know and I treasure the stories she shares with me. So, pour yourself a cup of tea to warm your heart and soul and enjoy.

“ Waiting at the airport, I over heard an older women telling a young lady, I wish you enough as they hugged and kissed goodbye. Wiping her tears the older woman turned to me and said -I may never see my Daughter again, the truth is that I’m very old and she lives very far and the next time she visits, it may be for my funeral-. Curious I asked her what she meant by I wish you enough. She smiled and explained the meaning:

I wish you enough happiness to not take it for granted,
I wish you enough pain to appreciate health,
I wish you enough tears to be compassionate,
I wish you enough laughter to make your heart smile”

With that my Friends, I wish you enough of an opening in your hearts to help it grow bigger and stronger, capable of giving and receiving more love. After all the human heart is capable of growing to no limits and boundaries.

Best,
Sepideh Yeoh
PFA President

Student Council Update

Hi Everyone, it's me again, Matthew Chane, your Student Council President. Thank you to everyone who participated in donations for "Santa Comes to Agoura". Did everyone have fun on "Crazy Hat and Hair Day"? I sure saw some funny things! Red Oak had their first "Thankful Grams" which came with friendship bands. These were a huge hit, and we made a lot of money to go towards the ribbons for Track and Field Day. I would like to wish everyone and their families Happy Holidays and to a very Happy and Healthy New Year! I look forward to seeing you at flag salute in January!

Sincerely,
Matthew Chane
Your Student Council President

Run For Fun!

The Dole Great Race of Agoura Hills—Saturday, March 28, 2009

Mark your calendars for this fun day of running and play at Chumash Park in Agoura Hills to benefit our kids!

Help Red Oak Earn Money!

The Great Race is a fundraising opportunity for Red Oak. Last year we placed 2nd among our local schools (Sumac placed 1st) and **Red Oak received \$13,500** from the Great Race! Every registered runner/jogger/walker who chooses Red Oak when registering helps us reach our goal!

Can't wait to register?

No problem! 2009 Registration is Open! Visit <http://www.greatraceofagoura.com> to register your kids, you, your family and friends. Choose Red Oak as your school so that we will get credit.

Run for Fun Kick-Off Party in January 2009!

Enjoy your holidays! Once January arrives Red Oak will be in full running/jogging/walking mode! We will be announcing our Grand Prize, Class Prizes, Raffle Prizes and more in January 2009!

Please contact Molly McCarthy at molly@treasuredmemoriesca.com or Kathy Clarke at kaclarke42@sbcglobal.net if you have any questions. See you at school!

Volunteers at Work

As you know during Conference Week your students were able to paint tiles and utilize their creativity while having fun with their friends. This opportunity would not have been possible without the hard work dedication of Jackie Dobbie and Alma Cwik. Alma donated the tiles as well as her time and this program would not have been possible without her generosity. Alma was also very helpful and took on the responsibility to fill in for Uma Panchapakesan and Lori Catone (PFA Spirit Wear Chairpersons) at the Family Fun Night. Thanks so much Alma for making the time and caring about our Red Oak Family. Jackie Dobbie is also our Birthday Board Chairperson and is the force behind decorating and making our student's special day super by having their name on the Birthday Board. Thanks Jackie for all that you do to make Red Oak a very special place.

Of course there are so many wonderful moms and dads out there who make the time to volunteer at events and in the classrooms. Red Oak is a very special place because of all of you. Thanks you for all that you do.

Red Oak Hosts the Annual Ability Awareness Fair

The Ability Awareness Fair, a program where students are provided with hands on activities that gives them the opportunity to experience the challenges that children with special needs and learning disabilities face on a daily basis was held at Red Oak the week of October 13.

People often say it's difficult to appreciate another person's perspective of the world until you've walked a mile in their shoes. The goal of this three-day event was for students to "walk the walk", to appreciate differences and to gain an understanding of what some of their fellow students must overcome.

Thank you to all the parent volunteers – it could not have happened without your support. A special thank you to Tanner who "chatted" with all the students. A huge thank you goes to Jo Ann Tallman who devoted many hours to ensure the success of this year's fair.

Superintendent's Message
**THANK YOU FOR APPROVING MEASURE R
PROBLEMS AHEAD FROM THE STATE**

WOW! Thank you all for your support of Measure R, our \$29.5 million school bond issue that prevailed on November 4 with 57% YES. Special thanks are due to those of you who worked on the campaign. The Facilities Planning Committee has met and the Board of Education is in the process of selecting a Project Management firm that will assist with prioritization of the projects, bidding, permits, application for state matching funds, and management of the projects. It is our goal to have projects underway this summer!

It seems like the problems at the state level are never ending. It was reported this month that the state budget is \$11.2 billion short in this fiscal year and that the governor is proposing that schools be cut \$2.5 billion in *this* school year. Remember that more than 80% of our funding in Oak Park (and for most public schools) comes from the State of California general fund. A special session of the legislature has been called and is underway as I write this in mid-November. By the time you read this it should be concluded and we should know more. At this time, based on the governor's proposal, the cuts for Oak Park would total \$1.2 million. Since 85% of our budget is expended on personnel and since there are strict state laws related to how employees can be released, we are perplexed at how to accomplish this level of reduction. The governor did propose allowing school districts to utilize unspent categorical funds, which would help us considerably with this problem; however, this has been proposed in the past and has been consistently rejected by the legislature. Categorical funds are special funds designed for specific purposes such as textbooks, library books, grants, etc. In the meantime, we are holding the line on any spending that is not absolutely necessary for the instructional program.

Sadly, the projection for next year is even worse. The Legislative Analyst Office is predicting a total state deficit of \$27.8 billion over the next 20 months due to declining tax revenues caused by the weak economy. We have convened the District Finance Committee to begin looking at the problem. This crisis in California public education is unprecedented and Oak Park will not be exempt.

People may wonder what the impact of our Measure C Parcel Tax and our Measure R school facilities bond will be. Facilities bonds are exactly that. Those funds may only be used for school facilities or equipment as enumerated in the measure. Of course, we are desperate for the repairs and this provides a source to fund them. These funds may not be used for general fund expenses.

The Measure C Parcel Tax is a huge help to us, however. It brings in almost \$1 million in local funds, which are used to support our program and represents about 4% of our budget. The problem is that the cuts the state is proposing are so gargantuan that no public school district will be immune from their effects. Exactly how this will play out is still a mystery to us at the time of this writing. I will endeavor to keep you well informed. As I recently heard Pam Brady, President of the California State PTA say, "This is not about a balance sheet, it's about our future."

MEASURE R CITIZEN'S OVERSIGHT COMMITTEE APPLICATION PROCESS

Pending the certification of the passage of Measure R, the Oak Park Unified School District Board of Education is in the process of selecting a Citizens' Oversight Committee for Measure R, our recently passed \$29.5 million school facilities bond issue. The Committee will meet quarterly and has the responsibility of reviewing an audit of the Measure R accounts and making an annual report to the Board and the community regarding the District's adherence to the law and to the text and intention of the Measure related to expenditure of these funds.

State law requires that the Committee be composed as follows:

- One member active in a business organization representing the business community located within the District.
- One member active in a senior citizens' organization.
- One member active in a bona fide taxpayers' organization.
- One member who is a parent or guardian of a child enrolled in the District.
- One member who is the parent or guardian of a child enrolled in the District and who is active in a parent-teacher organization such as the PTA or School Site Council.
- Two other members, selected from the public at large.

Please call Linda Sheridan at (818) 735-3206 for an application. Applications are due no later than December 31, 2008. The Board will then arrange to interview qualified applicants at a public Board meeting and select the committee.

THANK YOU!!!

Friends of Oak Park Schools is you Education Foundation. Our goal is simple; to help establish the financial stability within our schools that is often lacking from the state budget process.

Each year, Friends utilizes various methods to help fund raise for the programs that your donations pay for. Additionally, this year we started a new Endowment Fund which will help us ensure that the programs started and paid for by Friends will continue beyond our years at school. We are also excited about the prospects of new programs to be offered in our school district based on your ideas, suggestions and comments.

You are Friends of Oak Park Schools. We look for more than financial support, but for volunteers, ideas and validation that we are implementing programs that you find your children benefiting from.

Soon (if not already) you will receive our annual appeal letter. We hope that this letter will help you decide that embracing your education foundation will enhance your child's educational experience.

In addition to our appeal letter for funding support, Friends will be producing Slam and Jam II. A Basketball Show on April 26, 2009 at the High School Gymnasium. We are excited to have the Harlem Ambassadors join us once again in a basketball game against many of our district's teachers and administrators. We will have more information about this game in the near future, but we can guarantee you that it will be fun and exciting.

Education Foundations are an essential component to the success of a school district. These foundations are comprised of parents and community members who share a single vision; completing the connection between community, education and family.

We hope you will join us in supporting our district's tradition of excellence.

The first meeting of the year was held on Tuesday, October 14, 2008. We had a fantastic turnout of both parents and staff members. Presenters were Dr. Knight, Superintendent, Cathy Skiba, Director of Pupil Services, and Dr. Semel Parkhurst, Program Specialist. They spoke on topics including statewide testing, response to intervention, staff development, functional skills curriculum and district goals for this school year.

Our next meeting will be held on January 13, 2009 at 6:30 p.m. in the Oak Park Library conference room. Presentation topics for the remainder of the year include fine motor skills, assistive technology, IEPs, social skills and sibling issues.

Although we will not meet formally until January – we are always available by phone or email. You can find us on the District and School web sites.

SEAC wishes all a Happy Holiday Season and looks forward to seeing you in January.

Golf Tickets for Sale

The Oak Park High School Golf Program is selling daily grounds tickets to the Northern Trust Open at Riviera Country Club for only \$15, one half the regular price of \$30.

The tickets can be used for any day of the tournament, which runs February 16-22. Tickets can be purchased securely online using a credit card or by PayPal at the team's website www.oakparkgolf.org. Help your child learn to admit mistakes and make amends

What are the three hardest words to say? They may be, "I was wrong." But helping children learn to own up to the

things they have done wrong is a way to help them develop into mature adults. Here are some tips:

- **Think about why** your child might not admit she's wrong. Is she afraid to tell the truth? Does she want to blame someone else?
- **Think about how** you can change your behavior if your child is afraid of your reaction. Stay calm even if you have to give yourself a "time out" before dealing with the situation.

- **Help her put herself in someone else's shoes.** "How do you think your sister felt when you took her doll away?" This is called *empathy*, and it is a behavior kids have to work to develop.
- **Help your child think** about a way to make amends. If she sent a mean email about someone in her class, she needs to send another one saying she made the story up.
- **Remember that apologies** don't mean a lot if your child's behavior doesn't change.

Tests don't have to be stressful for your child

Parents can ease the natural stress that may occur before and after testing. You can help your child prevent test

anxiety if you:

- **Build self-esteem.** The goal is for your child to begin tests with confidence, not fear of failure. So give him opportunities for success in many other areas.
- **Communicate with teachers.** Stay up-to-date on your child's progress at school. If he needs extra help, the teacher can suggest at-home learning activities. Ask how you can help.
- **Build your child's vocabulary.** Talking, reading and word games help your child learn new words. You never know when one might pop up on a test.
- **Encourage preparation.** Plan several study sessions before the test. Provide a study spot where your child can concentrate.
- **Give test tips.** It's important to read instructions carefully. If something is confusing, ask the teacher for help. Don't get stuck on one question. Mark it, finish easier sections and then return to the trouble spot.
- **Don't pressure your child.** If he worries too much, his performance may suffer. Emphasize your unconditional love. When the test is returned, talk about it. What can he learn from it? Compliment his hard work.
