

Training Course Details

NEBOSH - IGC

Before the course

No previous health and safety knowledge is required.

Who'll benefit?

Managers, supervisors and employees based outside the UK who require a broad knowledge and understanding of health and safety principles and practices.

What you'll learn?

By the end of the course delegates should be able to:

What they need to know – and are perhaps reluctant to learn about – in a refreshingly informal way.

Managing safely won't turn delegates into safety experts – but it will give them the knowledge and tools to tackle the health and safety issues they're responsible for. Importantly, it brings home just why health and safety is such an essential part of their job.

Program

IGC1

1. Foundations in health & safety
2. Policy
