HOW WE DO IT

We provide affordable financing for assistive technology and business equipment for people with disabilities via:

FACTS ABOUT DISABILITY & POVERTY

The employment rate for people with disabilities between 21 and 64 in Washington State is 36% (versus 76% for people without disabilities).

The unemployment rate for people with disabilities is nearly twice the unemployment rate of people without disabilities.

A person with a disability is more than twice as likely

to live in poverty as a person without a disability.

A household that has a working age adult with a disability earns \$23,700 less than a household without a working age adult with a disability.
