2016 SUWANNEE GALA UPDATE

I have been remiss in not reporting the amazing results of the 2016 Suwannee Gala for Treasure Seekers. Through the hard work of many volunteers and staff members and the outstanding participation of those who attended, this event raised over \$13,000.

These funds will be used to help with the cost of a week of camp for families who might not otherwise be able to afford to send their children to Camp Suwannee. The potential impact is huge! If funds are left over after that need is met, they will go toward some needed repairs at the camp.

I want to offer my heartfelt thanks to all those who participated. We appreciate you!

Sr. Dir. for Resource Development

Please remember when submitting a guess entry to write your name legibly and then sign and date your submission. TWICE NICE FURNITURE & MORE:

Wayne Darby resigns as manager at the Twice Nice Furniture & More

Part of being a great volunteer is loving what you do. For the past 6½ years Wayne Darby has been doing just that. He is a great people person and that showed as he managed Twice Nice Furniture & More. Wayne has made a huge difference in helping others. He has engaged in many meaningful conversations connecting ACV to our community and helped many get involved in the volunteer program not to mention the many hours of loading, unloading, packing, selling, and cleaning merchandise as it was donated to Twice Nice Furniture & More. Thank you, Wayne, for contributing your talent and skills to furthering the ministries of ACV. We wish you well as you expand your horizons and increase your territory. A farewell reception will be scheduled at a later date to allow customers, residents, and staff to thank Wayne personally for his faithfulness and commitment to ACV.

VOLUNTEERING:

A GIFT TO THE ACV COMMUNITY

There's a new display in the history window at the VS. The slides describe various types of resident volunteering that occurred during the past 100 years. The artifacts in the window complement the photos. Be sure to see the 4-minute photo presentation and the artifacts will be more meaningful.

Did you know...

- ~ Residents used to volunteer in the kitchen and wash dishes.
- ~ In 1979, residents made all the Christmas decorations for inside and outside buildings.
- ~ Volunteers contributed enough S & H Green Stamps to purchase a large bus.
- ~ For 47 years, residents have produced and delivered the Friendly Neighbor News and broadcast on TV-2.
- ~ Residents operate 4 businesses on the campus.
- ~ **Laura Putnam** was the first volunteer coordinator.

Stop by the History Window outside the Village Grocer and learn more about the valuable contribution made by volunteers.

NO COST TO LOOK

The Ceramics Shop has been open since early Jan. and we have had several visitors come and look at the facility, the pieces available to paint, and talk to the instructor about what is involved in completing a favorite piece of choice. Many things in life we must see, feel, and understand how to obtain a beautiful finished product. We would love to have you come by the shop either by yourself or with a friend or family member to see the total picture. Once you have selected a piece, the paints, the brushes, and the best time for you to be at the shop, you will be ready to begin your adventure. You can stay 30 minutes or 2 hours; that is your decision. Come, look, and ask questions. Prices of various pieces range from \$1.00 to \$10.00 (extra large pieces will cost a little more) and a small charge for paints or firing. Don't just think about it -- do it! We are open MON. from 3:00 to 5:00 p.m. and 6:00 to 8:00 p.m. See you there! The Ceramics Gang

VILLAGE VOICES

The Village Voices committee is anxiously awaiting your entry for the 2016 Hopes and Dreams edition. So where is your story, poem, or artwork:

- ~ Is it stuck in your head?
- ~ On a napkin note in your purse?
- ~ Are you concerned it might sound foolish?
- ~ Did your cat eat your story?

I hear a lot of people talking about "that is on my bucket list" or "I just made a trip to the Grand Canyon; that was on my bucket list." Perhaps the bucket list saying might inspire your story to escape. For example, several years ago I got to travel to AK and see the beautiful sights and experience the awe and majesty of the glaciers. The dream of that trip had been on my bucket list for many years. Hope to see your stories come flooding in.

We are looking forward to hearing from you. Your submission can be a story (no more than 700 words), a poem, or a pen and ink drawing. This year's theme is "Hopes and Dreams." Submit your entry to Member Services or email to smee@peg.harvard.com.

THE RIDE-ABOUT’S MANY USES

The original folks, who were very instrumental towards our Village obtaining the Ride-About, were Ed and Martha Cunningham. They did a fantastic job and loved sharing the village history and its beauty. Ed has gone home to be with our Lord and Martha is now living in TX closer to a daughter. They will never be forgotten and we miss them dearly.

Needless to say, I have stepped into some very large shoes to fill. This is my third year running the Ride-About. I love every minute of it, and it brings me much joy knowing I am helping residents (along with family and friends) to be able to get out and about in the fresh air and beautiful surroundings. I would like to share some of the original thoughts and the many uses of the Ride-About.

The Ride-About was mainly purchased so people who can no longer walk the trails can still go into the woods. This purchase was approved by

many caring people who donated the money to help pay for it. This is its BEST use; however, there are many other uses. Besides that, the Ride-About is “FREE” for Village members to reserve in order to:

- ~ Take people from their parked cars to events in the Village.
- ~ Tour groups who have a special interest in seeing the Village.
- ~ Fund raiser by the VC Youth to deliver Singing Christmas Cards.
- ~ Shuttle residents around to see all the beautiful Christmas decorations and lights around the different Village Neighborhoods.
- ~ Reserved by Village members to take their friends and family on tours when they are visiting, or just a bunch of neighbors who want to get out for a while.
- ~ Monthly sign-up tours.

These are the most common uses but there are others. We look forward to you being able to see the Ride-About buzzing around campus on different days and at different times. All you have to do is call Jackie Campbell to book. With eleven different drivers, you have the opportunity never to experience the same tour the same way twice! Just sit back and enjoy the experience!

A huge thank you to my drivers; let’s keep up the great work! Even if I am out of town, call (have phone will travel in this day and age 210-410-2113). Looking forward to hearing from you. I will make sure you get out and have some fun!

Jackie Campbell

A beautiful scene unfolded this morning while eating breakfast. The apple trees are bursting with pink blossoms (which could mean a bumper of apples for pies, cobblers, applesauce, etc.), and the yellow finch were breakfasting on the red berries on the holly trees. What a colorful sight that only God could provide for our enjoyment.
Following are 10 suggestions penned by John Carson on lessons on living well during this stage of our lives.
1. Exercise - Make exercising a four-time a week must, if possible.
2. Feed your brain - Read the newspaper and books. Read to others unable to read.
3. Enjoy volunteering - Look forward to every day that you have the blessing of assisting others.
4. Live with Christian principles of those of faith that relate to honor, integrity, character and honesty you can be proud of.

5. Have a plan for accomplishment every day - Make your time mean something special to your happiness and growth as a person.
6. Try your best to have a good eating plan - It is probably your biggest challenge to conquer every day.
7. Make sure you have a doctor in your life whom you believe in and one that is interested in YOUR behalf.
8. Stay active in all aspects of your life - Be a part of your community. VOLUNTEER!
9. Create a strong family relationship - Make as many real and special friends as you have time to cultivate and enjoy. No one is truly happy without wonderful friends to share time with.
10. Never retire! Slow down but never retire. Get up every day with determination that you are going to do a good deed for someone, make someone happy before the day has ended.

The deadline for returning the blue Monthly Volunteer Hours Reports to me for tallying is Wed., Mar. 9. Many of you have already done so. Thank you!

Try to see the beauty "in your own backyard," to notice the miracles of everyday life.

We wish **Della Straszynski** (Mar. 3), **Jean Goddard** (Mar. 6) and **Priscilla Freestone** (Mar. 9) very happy birthdays.

Mike and **Patty Saunders** are having an anniversary on Mar. 8.

Barbara White and **Charlene Hart** had a wonderful surprise visit over the weekend from their brother, Bill White, and sister-in-law, Lamira. They had lunch together, toured the Village, and best of all spent hours talking! This was only the second time in Barbara's adult life to visit with her brother. What a great time they had sharing. God is so good!

DACIER MANOR

Beth Smith, Reporter

Last Fri. morning was exceptionally busy as both the **Regele** and **Knappen** couples received their own furniture to their respective rooms and the respite room furniture (previously in their rooms) was removed and set up elsewhere. A big thanks to

Steve Northup, Erick Coombs and Wayne Darby, under the direction of Crystal Delcastillo and me, for a job well done! Also to Ashley Scarborough and D'Arcy Chapman for arranging the move! Thank you SO much!

Our special French dinner at lunchtime was awesome and delicious: Chicken Française, Rice Pilaf, Rainbow Baby Carrots & Haricot Verts with a choice of Coconut or French Silk pie! On Mon. we had manicures with **Arlene Williamson** at 10:00 a.m. At the same time, Sherry Lessman shared an informational and educational lecture about the benefits of massage therapy in dealing with pain and depression. In the afternoon, Terry and **Phyllis Klitzkie** led our Bingo activity. On Tue., the Men's Coffee Hour enjoyed a chocolate crème cake and discussion of politics. It was great to see so many men attending! On Tue. afternoon Crystal led our monthly resident meeting to go over the events and activities of Mar. The rest of the week we will have our Culinary Advisement Team meet, Cards with Jean and Deb, Village Singers, Walmart shopping trip, Suwannee Pickers, Arts & Crafts, and Bible Study with Pastor Jack Jones.

We wish **Norma McKee** a happy birthday on Fri., Mar. 4! It is also "Wear Blue Day," so we expect to see lots of blue! On Sun., we will attend the Valdosta Symphony Orchestra at 2:00 p.m. at the VC. We will also have an Oreo Cookie Social that afternoon!

Happy birthday to **Louise Etter**, who will observe her birthday on Sat., Mar. 5. May you have a good day and receive many blessings in the years ahead.

We are glad to learn that **Phyllis Moffatt** is recuperating from an episode that sent her to the emergency room on the weekend. She is now in

GSC until she is able to return home. Keep her and **John** in your prayers. Also pray for others we know of who are struggling with issues of illness and chronic pain.

My brother, Brian, and his wife, Janice, treated me with a homemade lobster stew at the home of D'Arcy and Robbin Chapman on Mon. We had breakfast at the Lopin' Gopher before they left for home on Tue. It is always good to see them.

Sharing your outings and visitors with your DH family helps keep us connected. You may contact me by phone at 658-2015, or by e-mail at jmc@windstream.net. There is also a box for your notes at the DH desk.

EDGEWOOD TERRACE

Joyce Comerford, Reporter

We have just returned from Madison where we saw Caladh Nua, a musical group of performers from Ireland. It was an opportunity for **Bob** to "get in touch" with his Irish heritage. We are fortunate to be able to enjoy so many different types of programs offered through our Artist Series.

We are also fortunate when we have family or friends visit. This past week **Claudia** and **Dick McClaine** enjoyed the presence of their daughter, Stephanie Delaney, who was visiting from Melbourne, FL. Stephanie is employed by the Brevard County Library system, and is an accomplished artist. Our former neighbors, **Ken** and **Mitzie Knappen**, feel more settled in their new home at DM now that they have their own furniture. **Ken** and **Lea Regele** are neighbors of the Knappens and are also getting settled in their new home.

We have several residents celebrating special occasions this week. Happy birthday to **Carole Kueppers** on Mar. 4 and **Joyce Berra** on Mar. 5. Happy anniversary to **Dick** and **Claudia McClaine** on Mar. 7. May God bless each of you.

Reminder: of our ET planning meeting is on Tue., Mar. 15, at 10:00 a.m. in the Lodge conference room. For those new to ACV, there is an elevator at the end of the building near the Village Café. The conference room is on the front of the building overlooking the parking lot. Also, our second Tue. breakfast gathering is on Thur., Mar. 10, so you might want to put that on your calendar. As I have said before, all residents of LH and McGranahan Place, along with our emeritus members, are invited to join us for this meeting and all ET activities. Enjoy the blooming plants and trees and remember to take your allergy pills.

PARK OF THE PINES

Betsy Reynolds, Reporter

Last Mon., Feb. 22, was a lost day at our house. **Bob** and **I** spent most of the afternoon at Lake City Medical having his neck problem diagnosed. By the time we got home and grabbed a quick supper I completely blanked out on what day it was. Yup, you guessed it. I forgot to write my article for the FNN. However, on Tue. I came home, sat down, and wrote the article, some of which is here now. It

wasn't until later in the evening that I realized it was already Tue. evening and too late for my article to be included in the FNN for Wed. Is this what a senior moment is like?

The POP Valentine luncheon was a great event on Feb. 20. The food was good and the desserts were in some cases shaped like valentines. In addition to the tables filled with good treats, we had our own musical group. **Alan** and **Susan Smith Schroepfer** played their instruments; Alan the mandolin and Susan the guitar and harmonica, as well as singing with her lovely voice. **Kathy Bochow** had her fiddle and **Evan Spangler** had his faithful bass guitar. Songs ranged from a few Beatles tunes to love songs to hymns and we sang along with the music as best we could being so full. My favorite was "When I'm 64 ..." which all of us were pretty much past.

It was wonderful to have **Marie Feero** join us for lunch from DM. I counted 33 POP residents in all. Oops! Two of them were guests from CT, friends of **Bob** and **Brenda Story**, Bob and Sandy Miller. This is the Miller's second visit to ACV. They hail from Bristol, CT, and were making their way north after being away for three weeks. Their friendship through the Advent Christian Church goes back to the early 60's.

Bob's son, Herb Champlin from UT, visited us for a week and what a blessing he and his sister were around the house. Herb works for Salt Lake City Maintenance on their diesel trains. He was very impressed with the Village, the church services on Sun., **Pastor Bruce's** Sun. School class, and the evening service in the Chapel. He helped to celebrate my birthday on Sun. and his sister was ecstatic to have him stay at her house.

A message from **Kathy Bochow** says the following: "The Not Brothers" lead singer called for me to bring my fiddle and play along with them again. I just have to get an agent! Also Kathy and **Tom Branan** went to St. Mark's lighthouse for fishing and what a glorious day it was. However, not a nibble was felt, so they went to a Subway in Perry for lunch. Oh well.

FLASH! Here is the latest story of the **Story's** encounter with Daisy. You don't know Daisy? Remember the parade she was in last fall? Whatever, they had a brief visit from Farmer Paul Minor and wife, Vicky, plus Daisy, of course, the world famous pig. They were here Fri. and Sat., working their way back north after programs in south FL. Bob and Paul's friendship goes back to Bristol, CT where they met in the 7th grade in 1961. Bob's dad, Garth Story, was pastor of the Bristol AC church at the time.

By now you may understand why I ask for the news of your travels. It brings to light the many occasions where you are surprised by old friends and at the same time are refreshing your memories and feeding on those good times. Like before, I'm at bnbrey@windstream.net.

RIVERVIEW

Jean Templeton, Reporter

It's hard to believe Mar. has arrived already; with it comes the start of Daylight Saving Time on Sun., Mar. 13, in all states except HI and parts of AZ. Benjamin Franklin came up with the idea in 1754, as a way to conserve energy. It has had an "on again – off again" existence. In 1966 the Uniform Time Act was passed mandating use of DST from Apr. until Nov. but states could pass a local law refusing to change their time. FL does change so on Sat. evening, Mar. 12, set your clocks FORWARD one hour (losing an hour of sleep) so you won't be late for church!

Pastor John Harper and Cindy's trip to Honduras was of interest to all of us. They told that 787 patients had been seen at the Clinic where Cindy's main job was counting pills for the nurses. (Bet she was bleary-eyed by the end of the day!) Dentists saw 183 patients. What a busy, busy time. Of course bags of food were prepared and distributed among the villages and huts. Many school bags were given away. Not only are school supplies in these bags, but also socks, underwear, shoes, and school clothes. There are about 16 children in the Advent Christian school, which costs \$50 per year, per student in grades 1 – 12. There were also pictures of a new little church being built as money is donated – first a roof, next came side walls and then the interior. There is still work to be done. We were so glad to hear of the work and needs of those Honduran folks.

BIO SKETCH ON

MARGARET (PEGGY) EVANS, DH

by Janice Chapman

Margaret Evans was born in Philadelphia, PA to Catherine and Herbert Hildebrand. She was the firstborn of four children in the family. Her dad was an insurance salesman; her mother, a homemaker.

Peggy attended St. Matthews Elementary School and St. Hubert High School both in Philadelphia. She married John Evans. John and Peggy lived in Philadelphia and raised their seven children. Mr. Evans passed away 15 years ago. Peggy has 35 grandchildren and 19 great grands.

Peggy well remembers a "big to-do" about the 1976 Bicentennial Celebration in the city of Philadelphia, PA; the birthplace of our Nation's independence. Particularly memorable was an historical play acted out along the Delaware River. Very impressive.

During his career, Mr. Evans had fallen in love with FL. On his retirement, John and Peggy decided to make it their home. They moved to Port Charlotte, FL with the youngest of their seven children who still lived at home at the time. When Port Charlotte grew to too much traffic, they looked for a smaller community and moved to Mayo, FL. Peggy said she "woke up one morning and realized she had too much yard to care for." When they had moved there, they lived in a 24 foot camper for two years while Mr. Evans built their home. She lived there twenty years. Sadly, Mr. Evans died after only six years there.

After John's death, Peggy spent time volunteering in the community of Mayo. She was a volunteer at the Mayo Health Center in the Activities Department under Louise Johnson. Peggy always loved to sew and paint, but rheumatoid arthritis is limiting what she can continue to do. She misses it. Peggy is a devoted Catholic, presently a member and regular attendee of the Immaculate Conception Church in Perry.

Peggy has lived in DH since Oct. She would love to meet you. Thank you for helping her feel a part of our family here.

WARNING

For those who love nature and walking in the woods, you need to be aware of your surroundings because creepy crawly things are joining you as the weather warms! I have personally seen a diamond back rattler, no less than 6 feet long and 3-4 inches around. Yes, he was in the back forty . . . close to where the blue and red trails meet; however, that doesn't mean he is still in that area. It is their territory so just be on the lookout. I have never heard a rattler and was surprised at his sound. He sounded much like a locust but not as loud. That would be my best description. I would suggest to NEVER venture out alone and always have a cell phone with you. Be Blessed & Stay Safe,

Jackie Campbell

Myth-information is a widely held and/or promoted, but false, piece of information.

MYTH: Elders are a drain on the economy.

FACT: According to the AARP briefing by Oxford Economics, the economy of the elder population, commonly referred to as the Longevity Economy, is changing the face of America. Composed of 106 million people, they are responsible for at least \$7.1 trillion in annual economic activity - a figure expected to reach well over \$13.5 trillion in real terms by 2032.
