#### TC UNITED SPORTS INCIDENT REPORT

It is important to have written incident reports on file regarding injuries, property damage or other incidents that may result in a claim against your team, league and sports association. Many such claims allege negligence, and written reports prepared immediately after an incident occurs are invaluable in defending these types of claims. In the event of a serious injury, it is important to ask for written statements from witnesses and individuals actually involved in the incident. This report should be immediately given to the Director of Coaching. The Director of Coaching will be responsible for creating copies of this report and ensuring all the necessary participants receive a copy of this report for their own records. Attach any additional information that might be helpful in defense of a future claim, such as: police report, doctor's statement, pre-game field inspection report, routine facility maintenance report, photos taken at the time of the incident and written statements of witnesses.

This report is to be completed by:

- 1. Coach or Official for incidents occurring during regular, pre-season or post- season team activities.
- 2. Director or Sponsor for incidents occurring during tournaments or special events.
- 3. Director or Coach for incidents occurring during camps or clinics.
