About the ITAOP/savePDF Method

The traditional Field-by-Field creation process is extremely ineffective and slow.

The only realistic option to create high-quality forms is the Insert-Text-Anywhere-on-Page (ITAOP) method.

The field creation process is about 10,000 times faster than the traditional method; the list of ITAOP features is not even available for the traditional method.

ITAOP savePDF method proved to be very simple and completely reliable for millions of users all over the world (incl. individuals, companies, organizations, government employees).

2.3. Applies to military and civilian personnel of DoD who are assigned to Defense Attaché Offices and Defense Intelligence Liaison Offices outside the United States unless there has been a designation by the Secretary of Defense that 10 U.S.C. 1605 and 37 U.S.C. 431 (references (b) and (c)), shall be applicable and funding is made available or similar authority applies

2.4. Applies to all military and DoD civilian personnel in overseas areas assigned to the Personnel Exchange Program and the Security Assistance Program (which includes the Foreign Military Sales Program and the Military Assistance Program).

3. DEFINITIONS

Terms used in this Regulation are defined in enclosure 2.

4. POLICY

It is the DoDEA policy that:

4.1. While overseas, DoD sponsors of space-required, tuition-free minor dependents may be authorized an education allowance to assist in defraying the costs of educating their minor dependents in non-DoD schools that provide an educational program satisfactory to the Secretary of Defense (reference (d)). No other category of student is eligible for enrollment in the NDSP.

4.2. Enrollment eligibility for dependents of DoD personnel assigned to an overseas area is governed by the provisions of DoD Directive **1342.13** (reference (e)).

4.3. Approval for the enrollment of an eligible minor dependent of a DoD sponsor must be obtained from the Area Director, or designee, based on verified eligibility and dependency prior to enrolling a child in the non-DoD school. Only unusual or extenuating circumstances are justification for after-the-fact enrollment approvals.

4.4. The total cost of tuition and transportation funded by DoDEA for enrollment in a non-DoD school will not normally exceed the United States (U.S.) Department of State Standardized Regulations (DSSR) education allowance for that location. (reference (f)). See enclosure 3.

4.5. Reimbursement of enrollment fees and other registration costs will be paid only once per assignment tour, except in areas when:

4.5.1. The non-DoD school attended does not offer the next grade (e.g., elementary to middle or middle to high school) or the appropriate program.

4.5.2. The non-DoD school is not able to accommodate the needs of the child and recommends another school, or

4.5.3. The sponsor is transferred.

4.6. Tuition will not be authorized for the following:

4.6.1. An eligible DoD dependent student enrolled in a non-DoD school if adequate housing is available within the commuting area of a DoD dependents school or an adequate non-DoD tuition-free school which provides instruction in the English language. The only exception to this policy (reference (g)) will be for those dependents whose DoD sponsors are either assigned to a Department of State activity or independently assigned as an exchange officer to a host nation program. In these cases, the DoD sponsor will be afforded the same educational allowance provided to Department of State employees, or to members of the host nation program to which the DoD sponsor is assigned or attached, up to the published DSSR rate.

4.7. A DoD sponsor who enrolls his or her child under this Regulation shall reimburse the U.S. government for all costs (including, but not limited to, those for special testing, tutoring, special assistance, or incidental to enrollment in any non-DoD school) incurred by the DoD on behalf of the education of the dependent when those costs are based upon erroneous or misleading information provided to, or withheld from, DoDEA officials as part of the eligibility determination process.

4.8. An eligible DoD dependent attending a non-DoD school may be entitled to receive supplemental services or materials at DoDEA expense if such services or materials are deemed appropriate (reference **(h)**). DoDEA will reimburse a non-DoD school or appropriate agency only when the costs are approved in advance by the Area Director, or designee.

4.9. Authorized and unauthorized costs are listed at enclosures 3 and 4.

4.10. When enrollment in a non-DoD school is necessary, placement in schools which provide an educational program satisfactory to the Secretary of Defense will be made in the following PRIORITY ORDER:

4.10.1. For Elementary Students Grades K-8:

4.10.1.1. A local, tuition-free school which delivers instruction in the English language.

4.10.1.2. A local, tuition-charging school which delivers instruction in the English language.

4.10.1.3. Correspondence courses (Home Study Programs).

4.10.2. For High School Students Grades 9-12:

4.10.2.3.1. Delivers instruction in the English language.

4.10.2.3.2. Offers an American-type curriculum with residence hall facilities.

4.10.2.3.3. Is more economical to use, or

4.10.2.3.4. Is more conveniently or closely located to the DoD sponsor (when the basis for selection of the school is the location, documentation shall be provided by the sponsor to support the determination).

4.10.2.4. A DoDDS school with dormitory facilities.

4.10.2.5. Correspondence courses (Home Study Programs).

4.10.3. For Special Education Students: The following priority order listing does not exclude the use of homebound instruction or correspondence courses for students with disabilities when it is determined that these service delivery options are part of an appropriate placement.

4.10.3.1. **A** local, tuition-free school which delivers instruction in the English language and has an appropriate educational program that can meet the needs of special education students as defined by the Individualized Education Program (IEP).

4.10.3.2. **A** local, tuition-charging school which delivers instruction in the English language and has an appropriate educational program that can meet the needs of special education students as defined by the IEP.

4.10.3.4. **A** tuition charging non-DoD school in the United States with an appropriate educational program that can meet the needs of special education student as defined by the IEP.

4.11. If there is no adequate school that delivers instruction in the English language, the use of a non-English language school may be approved. Approval will be on a case-by-case basis and must be made in advance of enrollment.

4.12. This Regulation does not preclude DoD sponsors from enrolling their dependents in non-DoD schools at no expense to the U.S. government.
