

2013 Income Tax Extension Payment

M13

IMPORTANT: Type in the required information while this form is on the screen and print a copy. A personalized scan line will be printed on the voucher using the information you entered. To help ensure your payment is properly credited to your account, verify that the tax-year end date and your Social Security number are included in the scan line.

When you print this voucher, be sure to set the Page Scaling to "None" in your Print options. DO NOT check the "Auto-rotate and center pages" or "Shrink to fit" boxes. If they are already checked, click on the box to uncheck them.

Your tax is due April 15, 2014, even if you are filing Form M1 after the due date. Use these instructions to determine the tax you must pay by the due date to avoid penalties and interest.

Do not use this form if you are filing Form M1 on or before April 15, and paying your tax after the due date.

All tax must be paid by April 15, even if you have an extension to file your federal return. There are no extensions to pay your Minnesota individual income tax.

If you will be filing Form M1 after the due date, estimate the total tax you owe and pay that amount by April 15, 2014. You can pay electronically, by credit card or by check.

Your payment will be credited to your 2013 estimated tax account. When you file your Minnesota return, include your extension payment on line 24 of your 2013 Form M1.

If you pay after April 15, your payment will be considered delinquent and will be applied to the amount you owe on your return. The payment will not be credited to your 2013 estimated tax account.

If you pay at least 90 percent of your total tax by April 15, 2014, and file your Form M1 with payment of the remaining tax due no later than October 15, you will not be charged a late payment penalty. If you fail to pay your tax as required, a 4 percent late payment penalty will be assessed on the tax not paid by the original due date. Interest will be assessed on any unpaid tax and penalties from the original due date until paid in full.

Pay electronically (free)

- Go to www.revenue.state.mn.us and click "Make a payment" on the e-Services menu.
Call 1-800-570-3329 to pay by phone.

For both methods, follow the prompts for an individual to make an extension payment.

You'll need your Social Security number and banking information. When paying electronically, you must use an account that is not associated with any foreign banks.

After you authorize the payment, you'll receive a confirmation number. You can cancel a payment up to one business day before the scheduled payment date, if needed.

Pay by credit or debit card (fees apply)

- Go to payMNTax.com; or
Call 1-855-9-IPAY-MN.

You will be charged a fee to use this service, which goes directly to Value Payment Systems (a national company that partners with federal, state and local governments to provide credit/debit card payment services).

The Department of Revenue does not have any financial agreement with Value Payment Systems and does not receive any of its fees.

Pay by check

Complete the voucher below and mail it with your check to the address shown on the voucher. All information is required.

Your check authorizes us to make a one-time electronic fund transfer from your account. You will not receive your cancelled check.

Cut carefully along this line to detach.
