PLACING AN ORDER IS EASY!

Six Ordering Options

- 1. Order through our secure web site www.conklin.com 24 hours a day. Login with your ID and password (the last four digits of your Social Security number or Federal Tax ID). Final pricing totals will be emailed to you the following business day after computing tax and shipping information.
- 2. Use our Auto Order program, which ensures you that your favorite products will be delivered to your door every month. Set up your Auto Order easily and change it whenever you choose. To start or to update your Auto Order, search in Find Answers, our knowledge database for instructions.
- 3. Call our Sales Center toll free at (800) 756-2475.
- 4. Fax your completed order form to (952) 496-4205.
- 5. Mail your order to 551 Valley Park Drive, Shakopee, MN 55379.
- 6. Walk in to our Shakopee distribution center to place your order.

Note: For your convenience, suggested retail prices are listed for single containers of most products. Products listed as a single which include a part number are available for purchase. To take advantage of shipping/freight expenses and to help Conklin keep overall prices down, we request a minimum purchase of \$15 per order. For orders less than \$15 there will be an additional \$2.50 handling fee per order.

Please call our Transportation Department at 952-496-4290 if you have additional questions. Freight Program – See last page for a complete description of the Conklin Freight Program.

FREQUENTLY CALLED NUMBERS

We look forward to serving you soon. Our Sales Center staff is available from 7 a.m. to 5 p.m. CT. To reach Corporate staff in other departments, please dial our main reception desk at (952) 445-6010 from 8 a.m. to 4:30 p.m. CT.

CONKLIN[®]

Freight Program Effective March 15, 2011

| Order (\$) | Order (pounds) | Fuel Surcharge (\$) | |
|------------|----------------|---------------------|--|
| \$100,000 | 40,000 | \$0 | |
| \$80,000 | 35,000 | \$100 | |
| \$60,000 | 30,000 | \$200 | |
| \$40,000 | 25,000 | \$300 | |
| \$30,000 | 20,000 | 1⁄2 freight + \$150 | |

The Conklin Freight program applies to all non-bulk (or packaged) products with the exception of bagged limestone, gypsum, and boardstock. This is a domestic program offering freight transportation to destinations in the 48 U.S. contiguous states.

Qualifications

If there is more than one destination, there will be a drop off charge of \$100 for the additional drop (with a maximum of two total stops) as well as a charge for the out of route miles to the final destination. There is not a minimum dollar value or weight necessary for the second drop. Drop times and sequence will be determined by the trucking company as to keep within legal driving limits.

Out of route miles are determined by how far out of the rated area a driver will have to go in order to make the additional drop. The rate will vary due to adjusting fuel prices. The current average price per mile is \$2.00 per mile (including fuel charges). Total miles and current cost will be determined at time of shipment.

The maximum weight for a dry van trailer is 42,500 pounds of product. Winter orders with freezable product will lower the maximum weight to 41,500 due to the need for heated trailers.

Multiple orders must fit on one dry van trailer or, for winter shipping, one heated trailer. The maximum pallet count is 24. Standard size pallets are 48"x48"x56". Keep in mind that four 55-gallon drums constitute one pallet. Sheet-goods on rolls over four feet (Hy-Crown[®], Flexion[®] and Spun-FlexTM) will require more room. Mini bulks are one pallet space.

Add-ons policy

Once an order has been closed, no additional product will be added. A new order may be placed and shipped separately at Independent Business Owner's (IBO) or customer's expense or held for the next shipment.

Overweight shipments

Once a truck has reached maximum capacity or maximum weight, addon orders will be shipped separately at IBO's /customer's expense or held for the next shipment.

Added charge for shipment of hazardous material

There will be a charge of \$200 for truckloads that include a placardable quantity (500 lbs. or more) of hazardous material.

Should a non-hazardous material truck be ordered and there is an addon with hazardous material, the addition of hazardous material may cause a delay in shipping, and the IBO or customer may be required to reimburse Conklin for a "truck ordered, not used" fee from the carrier. If a truck is re-routed to an alternate destination after shipping from Conklin, the IBO or customer will be responsible for any additional charges. These may include but are not limited to detainment, drop fee and/or additional miles.

Claims

Reports of damaged or lost product and shipping errors must be reported within 10 days of the shipping date to Conklin's Transportation Dept.
