Community Impact and Job Creation

If the project is fully funded, what will be the primary benefit to the community?

What is the community issue or need that your project will address? Located at the crossroads of innovation and invention, Dayton International Airport works together with our partners to operate efficiently, enhance our passengers experience and serve as a vital asset to Southwest Ohio and beyond.

What is the measurement that will be used to determine whether the project was a success? For example: jobs created or retained, visitor/tourist attendance, individuals who received services, government service provided. The Airport is a Regional Asset. Most aviation funds are restricted which creates a challenge for the Airport. The Airport provides a place for employment for over 2500 persons and is home to the only Airline with a corporate headquarters in the State of Ohio, PSA Airlines.

If the project receives funding and is completed, how many DIRECT NEW jobs do you anticipate being CREATED within the next two years? 101-250

If the project receives funding and is completed, how many DIRECT EXISTING jobs do you anticipate being RETAINED within the next two years? More than 1,000

Using your best guess, over the next years, how many sustained, permanent jobs will the project create and retain if funded and completed? 251-500

In which of the following counties do you estimate a substantial number of jobs will be created if the project is funded and completed? Miami, Montgomery

Are you aware of any opposition to the project? No

Do you have letters of endorsement or other supporting documents for the project?
Yes

Letters of endorsement and other documents received by project sponsors are on file at the Dayton Development Coalition. Contact Amy Schrimpf at aschrimpf@daytonregion.com for more information.
