Most baseball camps have too many players and not enough coaches. We are determined to keep our ratio between coach and player 1/10 or less. We also want to teach the absolutes of the game while making sure we have tons of fun. Baseball needs and has to be fun for all players and what better way to have fun than to succeed at the game. This game was built on the fundamentals and we intend to base our instruction on those same fundamentals. We will teach at all different levels according to the player's skill level and get as advanced as we can. We will combine great one on one instruction with a lot of good fun.
