Name and Title of Firm's Contact Person for Questions

Each prospective General Contractor Bidder (herein after, "Bidder") must answer all of the following questions and provide all requested information, where applicable. Any prospective Bidder failing to do so will be deemed to be not responsive and not responsible with respect to this Prequalification at the sole discretion of the University of California. In addition, bidder must list accurate names and telephone numbers of applicable contact references. If University is unable, after reasonable efforts, to confirm the past project information submitted by bidder, said project will not be accepted as a qualifying project. All Bidders that have submitted a Prequalification Questionnaire will be notified in writing of whether or not they have successfully achieved Prequalification status. Prospective Bidders that affirmatively respond (i. e. answer YES) to all questions, submit all required information and supporting data, and are determined to have accurately responded to the questions will be prequalified. Only those Bidders that have been determined to be prequalified will be eligible to submit a bid for this Project.

If the prospective Bidder is determined by the University not to be prequalified, the prospective Bidder may request a review by the Facility. Any such request must be received by the Facility within 3 calendar days after receipt by the prospective Bidder of the determination. The decision resulting from such review is final and is not appealable within the University of California. Any person or entity not satisfied with the outcome of the prequalification must file a writ challenging the outcome within 10 calendar days from the date of the University's written notice regarding prequalification determination. Any assertion that the outcome of the prequalification process was improper will not be a ground for a bid protest.

All information submitted for Prequalification evaluation will be considered official information acquired in confidence, and the University will maintain its confidentiality to the extent permitted by law.

WHERE NECESSARY, COPY THE FORMS IN THIS PACKAGE. USE ONLY THESE FORMS.

Refer to Supplementary Instructions to Bidders for additional information.

**PRIOR CONSTRUCTION EXPERIENCE:** To be allowed to submit a bid, Bidders must have the minimum experience described below. Submit, on this form only proof of the following prior construction experience:

1. Bidder successfully completed (1) project meeting all of the following criteria:
  - a. Fully completed by Bidder in California since January 1, 2008; and
  - b. Work included fire sprinkler work; and
  - c. Said fire sprinkler work was performed in building(s) (4) or more stories in height; and
  - d. Said buildings remained fully occupied during construction; and
  - e. The construction cost of said fire sprinkler work was at least \$900,000.00; and
  - f. Work included fire alarm work; and
  - g. The construction cost of said fire alarm work was at least \$750,000.00.

(NOTE: Please refer to Section 16720, FIRE ALARM SYSTEMS, of the Bidding documents for information regarding post-award qualification criteria for fire alarm subcontractor.)

**NOTES:**

- A. "Fully completed" shall be defined as Bidder having completed all on-site work, including punch list, and submitted all required close-out documentation to project owner.
- B. Bidder, the licensed entity listed on Page 1 of this Questionnaire, must have been the contractor on each project submitted for consideration. Bidder may not use experience performed by a parent company, a sister subsidiary company, or a subsidiary to the Bidder. Additionally, Bidder may not use experience where Bidder was one member of a separately licensed joint venture entity.
- C. If Bidder is a joint venture, all construction experience must have been performed by the joint venture entity itself.
