Name and Title of Firm's Contact Person for Questions

Each prospective Bidder must answer all of the following questions and provide all requested information, where applicable. Any prospective Bidder failing to do so will be deemed to be not responsive and not responsible with respect to this Prequalification at the sole discretion of the University of California. In addition, bidder must list accurate names and telephone numbers of applicable contact references. If University is unable, after reasonable efforts, to confirm the past project information submitted by bidder, said project will not be accepted as a qualifying project. All Bidders that have submitted a Prequalification Questionnaire will be notified in writing of whether or not they have successfully achieved Prequalification status. Prospective Bidders that affirmatively respond (i.e. answer YES) to all questions, submit all required information and supporting data, and are determined to have accurately responded to the questions will be prequalified. Only those Bidders that have been determined to be prequalified will be eligible to submit a bid for this Project.

If the prospective Bidder is determined by the University not to be prequalified, the prospective Bidder may request a review by the Facility. Any such request must be received by the Facility within 3 calendar days after receipt by the prospective Bidder of the determination. The decision resulting from such review is final and is not appealable within the University of California. Any person or entity not satisfied with the outcome of the prequalification must file a writ challenging the outcome within 10 calendar days from the date of the University's written notice regarding prequalification determination. Any assertion that the outcome of the prequalification process was improper will not be a ground for a bid protest.

All information submitted for Prequalification evaluation will be considered official information acquired in confidence, and the University will maintain its confidentiality to the extent permitted by law.

WHERE NECESSARY, COPY THE FORMS IN THIS PACKAGE. USE ONLY THESE FORMS.

Refer to Supplementary Instructions to Bidders for additional information.

PRIOR CONSTRUCTION EXPERIENCE: To be allowed to submit a bid, Bidders must have the minimum experience described below. Submit, on this form only proof of the following prior construction experience:

1. Submit information only for projects meeting the following criteria:
 - a. Each submitted project must have been fully completed by Bidder since January 1, 2009 (fully completed shall be defined as bidder having completed all on-site work, including punch list, and submitted all required close-out documentation to project owner or general contractor, as applicable); and
 - b. Each submitted project must have included direct digital control work related to heating, ventilating and air conditioning systems (hereafter "DDC work") performed in a commercial or institutional facility; and
 - c. Said facility must have remained fully operational during said DDC work; and
 - d. At least 80% of said DDC work must have been performed by bidder's own forces (not subcontractors).
2. Bidder must submit information on a sufficient number of projects meeting all of the criteria specified in Paragraph 1 above so as to demonstrate the following:
 - a. Bidder must have fully completed at least 5 of the projects during a one-year (12 consecutive month) period and the DDC work of each must have cost at least \$50,000.00; and
 - b. Bidder must have fully completed a total aggregate of at least \$500,000.00 of DDC work over a one-year (12 consecutive month) period.

NOTES:

- A. "Fully completed" shall be defined as Bidder having completed all on-site work, including punch list, and submitted all required close-out documentation to project owner or general contractor, as applicable.
- B. Bidder, the licensed entity listed on Page 1 of this Questionnaire, must have been the contractor on each project submitted for consideration. Bidder may not use experience performed by a parent company, a sister subsidiary company, or a subsidiary to the Bidder. Additionally, Bidder may not use experience where Bidder was one member of a separately licensed joint venture entity.
- C. If Bidder is a joint venture, all construction experience must have been performed by the joint venture entity itself.
