EUGENE A. DEPASQUALE AUDITOR GENERAL

Board of Township Supervisors South Beaver Township Beaver County Darlington, PA 16115

We conducted a Limited Procedures Engagement (LPE) of the South Beaver Township Police Pension Plan for the period January 1, 2012 to December 31, 2014 to determine its compliance with applicable state laws, regulations, contracts, administrative procedures, and local ordinances and policies. We also evaluated compliance with some requirements subsequent to that period when possible. The LPE was conducted pursuant to authority derived from Section 402(j) of the Municipal Pension Plan Funding Standard and Recovery Act (P.L. 1005, No. 205, as amended, 53 P.S. § 895.101 et seq.) but was not conducted in accordance with *Government Auditing Standards* issued by the Comptroller General of the United States. The act established mandatory actuarial reporting and funding requirements and a uniform basis for the distribution of state aid to Pennsylvania's public pension plans. We believe that the evidence obtained provides a reasonable basis to support our LPE results.

#### Our LPE was limited to determining the following:

- Whether state aid was properly determined and deposited in accordance with Act 205 requirements by verifying the annual deposit date of state aid and determining whether deposits were made within 30 days of receipt for all years within the engagement period.
- Whether annual employer contributions were calculated and deposited in accordance with the plan's governing document and applicable laws and regulations by examining the municipality's calculation of the plan's annual financial requirements and minimum municipal obligation (MMO) and comparing these calculated amounts to amounts actually budgeted and deposited into the pension plan as evidenced by supporting documentation.
- Whether annual employee contributions were required during the engagement period and, if so, were calculated, deducted, and deposited into the pension plan in accordance with the plan's governing document and applicable laws and regulations by testing members' contributions on an annual basis using the rates obtained from the plan's governing document in effect for all years within the engagement period and examining documents evidencing the deposit of these employee contributions into the pension plan.

- Whether retirement benefits calculated for plan members who retired during the engagement period represent payments to all (and only) those entitled to receive them and were properly determined and disbursed in accordance with the plan's governing document, applicable laws and regulations by recalculating the amount of the monthly pension benefit due to retired individuals and comparing these amounts to supporting documentation evidencing amounts determined and actually paid to recipients.
- Whether the January 1, 2011 and January 1, 2013 actuarial valuation reports were prepared and submitted to the Public Employee Retirement Commission (PERC) by March 31, 2012 and 2014, respectively, in accordance with Act 205 and whether selected information provided on these reports is accurate, complete, and in accordance with plan provisions to ensure compliance for participation in the state aid program by comparing selected information to supporting source documentation.

Based on the results of our procedures performed during our LPE, nothing came to our attention indicating that the South Beaver Township Police Pension Plan was not being administered in compliance with applicable state laws, regulations, contracts, administrative procedures, and local ordinances and policies, except as noted in the following finding further discussed subsequent to this letter:

Finding – Incorrect Data On Certification Form AG 385 Resulting In A Net Overpayment Of State Aid

Our determination to perform a LPE for this engagement period does not preclude the Department from conducting an audit in accordance with *Government Auditing Standards* of the pension plan in subsequent periods. The township should continue to maintain documentation related to this pension plan.

The accompanying supplementary information is presented for purposes of additional analysis. We did not audit the information or conclude on it and, accordingly, express no form of assurance on it.

The contents of this letter were discussed with officials of South Beaver Township and, where appropriate, their responses have been included in this letter.

### SOUTH BEAVER TOWNSHIP POLICE PENSION PLAN FINDING AND RECOMMENDATION

### <u>Finding – Incorrect Data On Certification Form AG 385 Resulting In A Net Overpayment</u> Of State Aid

Condition: The township certified part-time wages for one police officer and overstated payroll by \$16,494 on the Certification Form AG 385 filed in 2013. In addition, the township failed to accurately certify wages for one police officer and understated payroll by \$8,436 and certified supervisor meeting pay for one non-uniformed employee and overstated payroll by \$1,500 on the Certification Form AG 385 filed in 2014. Furthermore, the township certified supervisor meeting pay for one non-uniformed employee and overstated payroll by \$1,500 on the Certification Form AG 385 filed in 2015. The data contained on these certification forms is based on prior calendar year information.

<u>Criteria</u>: Pursuant to the instructions that accompany Certification Form AG 385, the total payroll eligible to be certified should be Internal Revenue Service Form W-2 earnings pertaining to full-time positions.

<u>Cause</u>: Plan officials failed to establish adequate internal control procedures to ensure the accuracy of the data certified.

<u>Effect</u>: The data submitted on these certification forms is used, in part, to calculate the state aid due to the municipality for distribution to its pension plans. Because the township's state aid allocations were based on pension costs, the incorrect certification of pension data affected the township's state aid allocations, as identified below:

Year	Type Of Plan	Normal Cost	Ovei	yroll rstated erstated)	Overp	e Aid ayment payment)
2013	Police	13.95522%	\$	16,494	\$	2,302
2014	Police Non- Uniformed	15.36732% 8.33775%		(8,436) 1,500		(1,296) 125
2015	Non- Uniformed	8.33775%		1,500		125
		Total Net Over	payment	of State Aid	\$	1,256

### SOUTH BEAVER TOWNSHIP POLICE PENSION PLAN FINDING AND RECOMMENDATION

#### <u>Finding – (Continued)</u>

In addition, the township used the overpayment of state aid to pay the minimum municipal obligation (MMO) due to the police pension plan; therefore, if the reimbursement to the Commonwealth is made from the pension plan, the plan's MMO will not be fully paid.

<u>Recommendation</u>: We recommend that the net overpayment of state aid, in the amount of \$1,256, be returned to the Commonwealth from the township's general fund. A check in this amount, with interest compounded annually from date of receipt to date of repayment, at a rate earned by the pension plan, should be made payable to: Commonwealth of Pennsylvania and mailed to: Department of the Auditor General, Municipal Pension & Fire Relief Programs Unit, 320 Finance Building, Harrisburg, PA 17120. A copy of the interest calculation must be submitted along with the check.

Management Response: Municipal officials agreed with the finding without exception.

<u>Auditor Conclusion</u>: Compliance with the finding recommendation will be monitored subsequent to the release of the audit report and through our next audit of the pension plan.

#### SOUTH BEAVER TOWNSHIP POLICE PENSION PLAN SUPPLEMENTARY INFORMATION (UNAUDITED)

#### SCHEDULE OF FUNDING PROGRESS

Historical trend information about the plan is presented herewith as supplementary information. It is intended to help users assess the plan's funding status on a going-concern basis, assess progress made in accumulating assets to pay benefits when due, and make comparisons with other state and local government retirement systems.

The actuarial information is required by Act 205 biennially. The historical information, beginning as of January 1, 2009, is as follows:

	(1)	(2)	(3)	(4)
Actuarial Valuation Date	Actuarial Value of Assets (a)	Actuarial Accrued Liability (AAL) - Entry Age (b)	Unfunded (Assets in Excess of) Actuarial Accrued Liability (b) - (a)	Funded Ratio (a)/(b)
01-01-09	\$ 491,398	\$ 494,222	\$ 2,824	99.4%
01-01-11	501,000	520,985	19,985	96.2%
01-01-13	595,851	572,822	(23,029)	104.0%

#### SOUTH BEAVER TOWNSHIP POLICE PENSION PLAN SUPPLEMENTARY INFORMATION (UNAUDITED)

The comparability of trend information is affected by changes in actuarial assumptions, benefit provisions, actuarial funding methods, accounting policies, and other changes. Those changes usually affect trends in contribution requirements and in ratios that use the actuarial accrued liability as a factor.

Analysis of the dollar amount of the actuarial value of assets, actuarial accrued liability, and unfunded (assets in excess of) actuarial accrued liability in isolation can be misleading. Expressing the actuarial value of assets as a percentage of the actuarial accrued liability (Column 4) provides one indication of the plan's funding status on a going-concern basis. Analysis of this percentage, over time, indicates whether the system is becoming financially stronger or weaker. Generally, the greater this percentage, the stronger the plan.

### SOUTH BEAVER TOWNSHIP POLICE PENSION PLAN SUPPLEMENTARY INFORMATION (UNAUDITED)

## SCHEDULE OF CONTRIBUTIONS FROM EMPLOYER AND OTHER CONTRIBUTING ENTITIES

Year Ended December 31	Annual Required Contribution	Percentage Contributed
2009	\$ 19,926	100.0%
2010	15,625	119.2%
2011	25,897	100.0%
2012	20,155	100.1%
2013	23,282	104.9%
2014	26,332	102.7%

#### SOUTH BEAVER TOWNSHIP POLICE PENSION PLAN SUPPLEMENTARY INFORMATION NOTES TO SUPPLEMENTARY SCHEDULES (UNAUDITED)

The information presented in the supplementary schedules was determined as part of the actuarial valuation at the date indicated. Additional information as of the latest actuarial valuation date follows:

Actuarial valuation date January 1, 2013

Actuarial cost method Entry age normal

Amortization method N/A

Remaining amortization period N/A

Asset valuation method Fair value

Actuarial assumptions:

Investment rate of return 5.5%, net of expenses

Projected salary increases \* Age-related scale for merit/

seniority (e.g. age 30 - 6.4%; age 40 - 5.0%; age 50 - 4.1%;

age 60 - 3.7%)

Cost-of-living adjustments 3.0%, where applicable

<sup>\*</sup> Includes inflation at 3.0%
