Victorian flower etiquette During the 1800s, as the tradition of

using flowers to express messages spread, flower dictionaries became available. John Ingram's Flora Symbolica (1887) included not only the meanings of one hundred flowers but stressed the etiquette in giving the correct flowers to present the message intended. Meanings were given based on myths, traditions, medical use and, at times, simply the active imagination of the one writing the dictionary. - Brenda Weaver Source: www.proflowers.com

Thursday, February 13th @ 6pm **Beef & Forage Production Seminar**

Estill County Extension and Estill County Cattlemen's Association are having a beef and forage production seminar Thursday, February 13th, 6:00 p.m., at the Estill County Extension office, 76 Golden Court in Irvine. UK Extension forage specialist Ray Smith and beef specialist Jeff Lehmkuhler will be our guest speakers. A catered meal will be provided thanks to the Estill County Cattlemen's Association. Producers are encouraged to attend and preregister by calling 723-4557 by February 10th.

Monday, February 17th @ 7pm **Private Pesticide Applicator Training**

A private applicator pesticide certification meeting is scheduled for Monday, February 17th, 7:00 p.m. at the Estill County Extension Office, 76 Golden Court in Irvine. The training will educate participants on the proper handling and use of pesticides. Certified private pesticide applicators must be recertified every three years. Farmers must be certified to purchase restricted-use pesticides. If

HERE IS A PLEASANT LITTLE GAME that will give you a message every day. It's a numerical puzzle designed to spell out your fortune. Count the letters in your first name. If the number of letters is 6 or more, subtract 4. If the number is less than 6, add 3. The result is your key number. Start at the upper left-hand corner and check one of your key numbers, left to right. Then read the message the letters under the checked figures give you.
