

**Eric Baker**  
Estill County Extension  
Agent for Agriculture  
& Natural Resources

Logging directly contributes \$1 billion a year to Kentucky's economy. Loggers must have and maintain a certification in order to operate in the state. Kentucky Master Loggers will have the opportunity to enroll in two upcoming continuing educa-

# Ky. Master Logger Continuing Ed. Classes

tion classes. The web-based sessions will take place in 15 county Cooperative Extension offices around the state.

The first class will be held from 1 to 4 p.m. EDT on March 10. Subjects covered will include new trucking regulations, updates on logging legislation, the tie and stage log markets, the pulpwood market and the forest industry economic report for 2014 to 2015.

The second session will take place from 1 to 4 p.m. EDT March 17 and cover updates on the sawlog market and forest health; an interview with a Certified Master Logger whose life was saved because of having an emergency plan; biomass and chip mill development; new ticks and diseases; Best

Management Practices inspection procedures; information about the top BMP issues; and changes in Occupational Safety and Health Administration requirements for loggers.

Participants will be eligible for three continuing education units for each class. The programs will originate from the UK campus and stream live to extension offices in Edmonson, Estill, Harlan, Hopkins, Lawrence, Letcher, Lewis, Lyon, Perry, Pike, Pulaski, Rowan, Scott, Taylor, and Whitley coun-

ties. The format will allow the participants to ask questions of the presenters.

The cost is \$25 per class. Registration forms are available in The Kentucky Log-Jam newsletter or online at <http://www.masterlogger.org>. Interested participants can call the Kentucky Master Logger office, 1-800-859-6006.

*Educational programs of the Cooperative Extension Service serve all people regardless of race, color, sex, religion, disability or national origin.*

### Dracaena

BY BRENDA WEAVER

Originally from Madagascar, dracaenas do very well as indoor plants if they get bright but indirect sunlight, warmer temperatures and the air in the room is not kept too dry. Keep the soil moist at all times, but not soggy. Watch all dracaenas for spider mites infestations. Source: [www.exoticangel.com](http://www.exoticangel.com)

## Spay/Neuter Funding

We are happy to announce that spay/neuter funds are again made available to our great county via the KY Spay/Neuter license program. Citizens throughout KY have elected to purchase the spay/neuter license plate to help reduce our pet overpopulation. If you have a pet that needs to be fixed, please contact: the Humane Society's Angels of Estill County at [<ellenfrederick@windstream.net>](mailto:ellenfrederick@windstream.net) or Peaceful Paws at [<peacefulpawsky@aol.com>](mailto:peacefulpawsky@aol.com). Please act now as funds, as always, are limited! Thanks for your support.

NOTICE: Please do not call the Estill County Animal Shelter as they are not connected to this spay/neuter funding nor the groups.

Mon.-Fri. 8am-5pm

**LOCATED**  
1.5 miles south of Booneville, KY on Hwy. 11 in the Lone Oak Industrial Park

# Farm News

### Monday, February 16th @ 7pm

## Private Pesticide Applicator Training

Private pesticide applicator certification meetings are scheduled for Monday, February 16th, 7:00 p.m. and Monday, March 16th, 7:00 p.m. The meetings are at the Estill County Extension Office, 76 Golden Court (off Stacy Lane) in Irvine. The training will educate participants on the proper handling and use of pesticides. Certified private pesticide applicators must be recertified every three years. Farmers must be certified to purchase restricted-use pesticides. If you need further information or to pre-register, call our office at 723-4557.

### Tuesday, February 17th @ 6pm

## Corn & Soybean Update

County Extension Services of Estill, Clark, and Madison County have partnered to host a "Corn & Soybean Update" on Tuesday, February 17th, 6:00 p.m., at the Clark County Farm Bureau Building, 115 South Highland Street, Winchester, KY. We hope all grain producers can attend. A sponsored meal will be provided. If you plan to attend, pre-register by calling 723-4557.

### Order through February 20th

## Fruit Tree Rootstock, etc.

The Estill Extension Service will be taking orders for apple and pear rootstocks this month. If you want to propagate a favorite apple or pear, grafting is one of the easiest ways to preserve that cultivar. To graft, you will need scion wood (terminal branch segments from last year's growth collected at the end of February) and a rootstock. If you do not know how to graft, come by the office for information or assistance. We typically order Malling7 (55% of standard size) and/or MM.111 (80% of standard) semi-dwarf apple rootstock and a pear rootstock. Please place your order on or before January 23rd by calling 606-723-4557. The rootstocks usually arrive by the first week of March. Orders must be prepaid by February 20th. In addition, we will take orders for strawberry, blackberry, blueberry, raspberry, asparagus, and Candy onion plants. Call our office for details. Plant delivery will be in early April. If you are interested, call the Estill County Extension office at 723-4557. Orders must be prepaid by March 13th.

## Stickeler's Puzzle

### STICKELERS

by Terry Stickels

How many cubes are in the stack below? Assume all rows and columns run to completion unless you actually see them end.

HERE IS A PLEASANT LITTLE GAME that will give you a message every day. It's a numerical puzzle designed to spell out your fortune. Count the letters in your first name. If the number of letters is 6 or more, subtract 4. If the number is less than 6, add 3. The result is your key number. Start at the upper left-hand corner and check one of your key numbers, left to right. Then read the message the letters under the checked figures give you.

## CryptoQuote

AXYDLBAAXR  
is LONGFELLOW

One letter stands for another. In this sample, A is used for the three L's, X for the two O's, etc. Single letters, apostrophes, the length and formation of the words are all hints. Each week the code letters are different.
