

FedEx National LTL has created a means for your company to directly interface into our Internet applications. The following information provides directions and guidelines on how to retrieve Shipment Tracking detail electronically.

URL:	www.fedexnational.fedex.com/us/autosub/a_trac_pro_dtl.asp
-------------	---

The querystring must contain the following information: (* - Indicated a Required Field)

Name:	Data Description:	Example:
PRO*	Pro Number	PRO=ABC-123456

The following error messages are used within this application: (All error lines end with a "
")

1. Please Check The Pro and Try Again.
2. The Shipment Tracking page is unavailable. Please call customer service at 800-123-4567.

Write a Program to read the Results:

You can parse the messages from the HTML that we provide back. All of the return messages will be placed in the same location without any 'hidden' information.
