

SCHOOL BASED FACILITY ASSESSMENT PRE-SURVEY EVALUATION

Campus: _____

Date: _____

Survey Participant: _____

As part of the District-Wide Facility Assessment your input is essential! As part of our effort to ensure that Facilities Services gets an accurate assessment of your campus, please take a few minutes to fill out this **SCHOOL BASED FACILITY ASSESSMENT**. Our **“Mission”** is to ensure safe, functional and appropriate facilities throughout the District while maintaining long term value to our users and the public. To that end and in preparation for the Sales Tax Initiative in the Fall of 2014, we will be conducting a Facility Assessment Survey on your campus some time during the next three months. This survey will help establish the facility needs Districtwide. The assessment will be conducted by a team from Facilities Services with expertise in the various systems and infrastructures on your campus. As a starting point we would like feedback from your perspective regarding the physical conditions and program space adequacy of your campus. Prior to the team undertaking the assessment on your campus, the assessment team will spend a short time with you to review this survey and discuss any immediate issues that you feel need to be considered. If any questions arise please contact Joseph Ranaldi, Director of Planning and Project Management, 321.633.1000 x 446. **Thank You!**
