

## GSI Shallow Geothermal Resource Project Workshop

### FEEDBACK FORM

**RESPONDENT DETAILS:**

Name: \_\_\_\_\_ Surname: \_\_\_\_\_

Company Name: \_\_\_\_\_

Address: \_\_\_\_\_

Tel. No.: \_\_\_\_\_

Email: \_\_\_\_\_

Web: \_\_\_\_\_

**DATA CONTACT PERSON:**

<b>First Name:</b>	<b>Surname:</b>
<b>Company Name:</b>	<b>Position</b>
<b>Tel No. (please include direct No. or extension No. if appropriate):</b>	<b>Email:</b>

**FEEDBACK QUESTIONS:**

*Please tick responses as appropriate and if necessary provide clarification*

- 1. Do you find the introduction of Best Practice Guidelines for the installation of ground source heat pumps appropriate?**

*(If No please provide Clarification & Comments below)*

Y	
N	

*Clarification & Comments:*

2. As part of the design, construction and completion of GSHP systems in Ireland, what aspects do you feel should be covered by the Best Practice Guideline Documentation?

*Clarification & Comments:*

3. Do you think better information for the general public is required on GSHP systems, their construction and completion is required? If yes please outline below the main topics you feel should be included.

Y	
N	

4. The Geological Survey of Ireland proposes to develop a database of existing and new ground source heat pump systems in Ireland to facilitate the understanding of the deployment of renewable energy in Ireland, improve the gathering of information and promote sustainable management of sub surface resource. Do you agree with this approach?

Y	
N	

*(If No please provide Clarification & Comments below)*

5. The development of Ground Source Heat Pump Collector Suitability Maps is proposed as part of this project. These will be developed based on existing subsurface information and will be aimed at facilitating decision makers, drillers, designers and installers in the completion of future systems. Do you think this is a good initiative?

If yes please explain why you think these would be beneficial. If No, please explain how these could be made more effective.

*(If No please provide Clarification & Comments below)*

Y	
N	

6. **Additional Comments:** *please provide any additional comments on the project objectives, deliverables or content of the workshop.*
