

Faculty Needs Assessment 2005
UTM Library Instructional Technology Program

Your Academic Department/Unit: _____

If you are using the fill-in PDF form, you may open the form using your PDF Reader, and fill in the fields on your form. Then save it to your hard drive, and attach it to an email and send.

1. What technology-related topics or issues are you interested in exploring for incorporation within your teaching in the near future?

2. What delivery method (e.g., workshop, seminar, departmental meeting) would best address your learning needs for the topic(s) or issue(s) you have identified above?

3. What new technologies would you like to ask students to use in the courses you teach?

4. As a complement to the courses you teach, are there UTM Library instructional technology workshops you recommend to your students?

Yes

No

If you answered yes, please indicate the workshops you recommend.

Thank you in advance for your participation!
