

Application for Approval of an EFB System

This form is to be completed by the EFB Administrator designate, and signed by the Accountable Manager, Chief Pilot or Director of Flight Operations.

Please read RP35, Operating Standards for Electronic Flight Bags in conjunction with completing this form electronically or by hand.

EFB SYSTEM DESCRIPTION

1. AIRCRAFT DETAILS

Registration Mark:

M-

Aircraft Manufacturer:

Aircraft Type Designation:

Aircraft Serial Number:

2. APPLICANT DETAILS

Aircraft Operator:

EFB Administrator:

EFB Administrator Telephone No:

EFB Administrator Email:

EFB Administrator trained, Yes/No:

Is the EFB system in use or under evaluation?

3. EFB HARDWARE

Make & Type:

Hardware Class:

Number of devices:

Power supply:

Installation/mounting:

Data connectivity WiFi/WLAN/Other:

4. EFB SOFTWARE APPLICATIONS

Software application

Software Type (A, B, C):

Operating System:

Associated device(s):

Phases of flight in which EFB is to be used:

Data storage device(s):

Database supplier(s):

5. DETAILS OF PROPOSED USE

Provide a brief description of the proposed use of the EFB

6. SUPPORTING DOCUMENTATION

AFM/STC/Modification: (if applicable)

7. DECLARATION OF COMPLIANCE

		<i>Insert Yes or No</i>
Human Machine Interface Assessment conducted	Class 1 and 2 only	
OM contains procedures to be followed by flight crew in respect of EFB in all phases of flight		
Procedures in place to ensure validity, accuracy and integrity of electronic publications and other data displayed by EFB and used in flight operations		
SOPs	Procedures included	
Aircraft Checklists	Checklists adequate	
Training – Flight Crew	Conducted initial/recurrent training	
Software/Data currency - control and quality	Meets acceptable standards	
Adequacy of maintenance – MEL amended accordingly	Determined to be acceptable	

8. APPLICANT'S DECLARATION

The undersigned certifies that: the information supplied on this application indicate that the EFB installation, continuing airworthiness of systems, minimum equipment for dispatch, operating procedures and flight crew training are in accordance with the manufacturers/operators procedures; that the details recorded on this application are an accurate description of the operator's EFB system for which approval is sought; that the use of the EFB does not interfere with equipment or systems required for flight.
