Part no.	Description	Pre-assembled part	Qty
82100-82102	Platform	✓	1
80200	Wheel locking catch	✓	2
80220	Suspension housing, left	✓	1
80221	Suspension housing, right	✓	1
80318	Strap and hook		1
80420	Wheel		2
82200	Fixing-arm	✓	1
82205	Fixing-arm clamp	✓	1
82206	Fixing-arm screw	✓	1
82220	Fixing-housing	✓	1
82300	Connector cover	✓	1
82301	Connector strap	✓	1
82302	Connector bolt	✓	1
82410	Owner manual		1

THE WHEELS

1. Attaching the wheels

Place the platform (82100-82102) upside down on a sturdy surface. Push the wheels (80420) firmly into the suspension housing (80220-80221) until the wheels 'click' into place.

Detaching the wheels.

pull the red wheel locking catch (80200) out 1 cm with a small screwdriver.

THE CONNECTOR

2. Un-mount the connector

Unmount the Connector from the Fixing housing by pushing the red button on the top of the Fixing housing.

3.

3. Position and attach the Connector

The Connector can be fitted, either onto the stroller's rear wheel axle or onto any horizontal tubing between the stroller's rear wheels. The maximum circumference of the tubing/ axle is xx cm/ x in.

Bend the strap (82301) around the rear axle or tubing. Then feed the strap through the slot in the Connector cover (82300). Pull the strap until tight. Secure the Connector by turning the Connector-bolt (82302) clockwise.

4.

4. Tightening the connectors

The connector must be firmly attached to the stroller. To further tighten the connector, only use a coin as a lever. Do not tighten more than the connector still can turn around the axle/tubing.

5.

5. Connecting

Attach the board to the connector by pushing the connector-bolt into the hole in the Fixing-housing (82220). Make sure that the Connector-bolt is locked in position.

6.

6. Adjusting the length

Loosen the Fixing-arm screw (82206) and pull the Fixing-housing out. There are four alternative positions on the protruding arms. Chose the position that allows your child to comfortably stand on the platform and in the same time is as little as possible in the way for the person who is walking in behind.

7. Adjusting the height

If the axle/tubing is too high or too low, the KiddyBoard will not be flat. If this is the case, adjust the height of the Fixing-arm and/or Fixing-housing, refer to the diagram below.

Axel height (cm.) (in.)		Position of the Fixing-arms	Position of the Fixing-housing
7 - 10	2.8 - 4		3
10 - 13	4 - 5		2
13 - 15	5 - 6		2
15 - 18	6 - 7		1
18 - 19	7 - 7.5		2
18 - 20	7 - 8		1
19 - 23	7.5 - 9		2
22 - 25	8.5 - 10		3

WHEN NOT IN USE

8.

9. When not in use.

If the KiddyBoard is temporarily not in use, it can be placed in the resting position. Attach the strap onto the handle of your stroller or pram then clip the hook (80318) to the platform. If needed adjust the length of the strap by pulling the strap-end by the hook.

9.

CLEANING AND RECYCLING

Cleaning instructions: Use warm water with a soft cloth and a mild non-abrasive cleaner. All parts and packaging of the BuggyBoard are made of recyclable raw materials.

TESTS

We are committed to ensuring that this product is of the highest quality. The manufacturing process is regularly checked by both internal and external (TÜV) controllers. Samples of parts and completed products are also taken out regularly for testing in our own testing laboratory.

The KiddyBoard-Maxi™ is tested and approved by the test institutes below.

- **SP Swedish National Testing and Research Institute**

WARNING

- **Intended for use with only one child at a time from approximately 2 years of age and with a maximum weight of 20 kg (44 lb).**
- **Always keep your hands on the pram when your child is standing on the BuggyBoard. Never leave your child unattended while he/she is standing on the BuggyBoard.**
- **Make sure your child is always standing with both feet on the anti-slip rear portion of the BuggyBoard.**
- **Never use the stroller's parking brake while your child is standing on the BuggyBoard.**
- **Before each use, check the connectors and tighten if necessary.**
- **Do not use the BuggyBoard if any part is broken, torn or missing.**
- **Never let children play with the BuggyBoard.**
- **The use of any accessories with the KiddyBoard that have not been approved by the manufacturer is not recommended.**

WARRANTY

WARRANTY

Your BuggyBoard is warranted to be free from manufacturing defects for a period of one year from date of purchase under normal use and in compliance with the operating instructions. This warranty extends only to the original retail purchaser and is only valid when supplied with proof of purchase.

OTHER LASCAL PRODUCTS
