

Dear Parent(s):

Your child has enrolled in the Holocaust, an elective history course at Barren County High School. Throughout the course, students will study the Holocaust as well as other forms of genocide throughout the modern period. Due to the atrocities committed during the time period, some of the content your child will be exposed to can be quite graphic in nature. It is impossible to teach about one of the most brutal events in recent history without being exposed to some degree of disturbing imagery. Students will view a variety of materials including images, eye-witness testimony, and films depicting events from the period. They will also conduct research on genocide throughout history.

If you have any questions or concerns regarding the content your child will be learning about or the materials they will be viewing, I encourage you to contact the course instructor. Please, be aware that the intention of this course is not to upset or disturb students, but to educate them about the atrocities committed during the Holocaust and other examples of genocide. Once again, if you have concerns, please contact Mrs. Jagers.

Thank you,

Jessica Jagers
