Occupational Title and Socioeconomic Prestige Scores

Below are occupational titles and socioeconomic prestige scores for use in coding question 25, SEI, on the above questionnaire. To find a respondent's prestige score, look through the occupational titles until you find one that matches or is similar to the respondent's occupation. Write the number that appears to the right of the occupation in the space provided for it in the right margin of question 25 on the questionnaire.

The occupational prestige scores were developed by Hodge, Siegel, and Rossi at the University of Chicago. You can learn more about how the prestige scores were obtained by reading Appendices F and G in *General Social Surveys, 1972–2008: Cumulative Codebook* (Davis, Smith, & Marsden, 2008).
