Quick Guide: Individual Data Forms (IDF)

Submitting an IDF

- Under the Shared Contact section, you will need to enter various Contact information. To do
 so, click on the Add Shared Contact button. This will pop up a new window containing a list
 of the physicians and their contact information within the agency.
 - a. Click on the Contact name (highlighted in blue) to view or update the information displayed.
 - b. Click on the Add link on the right to add the Contact to the IDF.
 - c. If a Contact is not listed and you would like to add the new Contact here, click on the **Create New Shared Contact** link at the bottom of the window.

Medical contacts such as Physician, Dentist, Hospital and Pharmacy can be added in a similar way.

- Fill in the rest of the form as needed and click on the Submit button once the form is complete to submit it for approval.
- Click on the Save button to save the form to your Worklist so that you may work on it later.
- Click on the Send via SComm button to send the form to authorized users within the system.
 Please note that sending the form via SComm without first saving changes you may have made, will NOT automatically save any new information that you may have entered. To save the changes you have made to a form, please click Save before sending it via SComm.
- To view a printable version of your IDF, click on the Display PDF button at the bottom of the page. You can then get a printout, or save the PDF to print it at a later time as well as to send it to others as an email attachment.

NOTE: To open the pdf form, you will need to have Acrobat Reader installed. Visit http://www.adobe.com/products/acrobat/readstep2.html to download a free copy of the software.
