

Compliance Affidavit for Export of NOP Organic Product to Canada

1. QAI Processor/Handler:

(This is the QAI operator to whom vendor supplies organic commodities.)

2. Certified Vendor Entity:

The following information should be entered exactly as it appears on the vendor's official Organic Certificate.

Vendor Entity:	
Address:	
Organic Certification Agency:	
Certificate Number:	
Certified Organic Products supplied to QAI Processor/Handler:	

3. Affirmation Signatures

To be signed by the vendor of organic product(s). Please check the appropriate category below:

QAI may request additional information, including documentation from your supplier's certifier to verify any statements below.

Producers or Distributors/Traders of Fresh Produce Products*:

I confirm that products identified above which constitute or contribute to raw fresh produce products exported to Canada have been produced without hydroponic/aeroponic production and without the use of Chilean nitrate in accordance with the COR/NOP equivalency agreement.

Processors or Distributors/Traders of Processed Livestock Ingredients/Products*: I confirm that non-ruminant livestock products/ingredients are from animals raised according to livestock stocking rates** as set out in the Canadian Standard (CAN/CGSB 32.310-2006).

Processors or Distributors/Traders of Processed Plant Based Products*:

I also affirm that products identified above to the best of my knowledge do not contain organic ingredients that have been produced via hydroponic/aeroponic production or with Chilean nitrate.

	Title	Date	Print Name
--	--------------	-------------	-------------------

*Please note that violation of the US/Canada Equivalency Arrangement may result in significant non-compliances reported to both countries and appropriate enforcement actions may be pursued under the respective countries' regulations. (NOP Website, US/Canada FAQ, <http://www.ams.usda.gov/AMSV1.0/getfile?dDocName=STELPRDC5094569> , Accessed January 19, 2012)

**You may be requested to provide additional information on livestock density rates, to verify compliance. Please note that only non-ruminant stocking rates are required to be verified.
