

OFFICE OF SUPERVISED MINISTRY
DREW THEOLOGICAL SCHOOL
CONSENT FORM

In the course of placing students in ministry settings we are occasionally asked by pastors and other supervisors to evaluate students for church or agency positions. We want to be able to speak freely with them as it is appropriate in order to secure the best possible placement for each student.

So that we know we have your permission to speak with pastors and supervisors as the need arises, please sign the consent form as indicated below. By signing you are allowing us to speak with them so that they may give more careful consideration to you as a candidate.

We will inform the pastor or supervisor that any information shared should be appropriately held in confidence. If you need any further information about this form or its use, please contact Dean Virginia Samuel, Sem. Hall 102.

I give the staff of the Office of Supervised Ministry permission to speak with a supervisor seeking relevant information about me as a possible candidate for a ministry position in his or her church or agency.
