STOP BY & SAY HI

It is true that the City of Satellite Beach sincerely cares about their residents. That is why our dedicated volunteers with the Satellite Beach Police Department offer a program titled "**Stop By & Say Hi**" which is exactly what they do… they just **Stop By & Say Hi** to city residents**!**

This program started in 2009 and the sole purpose of our **Stop By & Say Hi** Program is to let our residents know that we care. We simply provide companionship and laughter and brighten their day. Our residents have thrived by having someone to talk to and a friend who keeps them engaged.

It is free of charge and strictly confidential. Our residents dictate how often we come and how long we stay. If our visits are no longer wanted, we move on. There is absolutely no obligation. These special volunteers are caring and compassionate individuals who have passed a background check. Because of our friendly social visits, our residents know we support them and we care.

We ask that you either recommend or share this "**Stop By & Say Hi**" Program with those who you care about in Satellite Beach, because it is such a valuable resource that benefits our residents and our community.

To become a member of the **Stop By & Say Hi** Program, complete the information below and contact Ms. Linda Harlow at the Satellite Beach Police Department:
