51	We enjoy walking in the beautiful parks and preserves East Bradford has to offer.	7/9/2015 9:14 AM
52	Sewer Service - the billing for sewer used to be terrible but has recently improved. It would be nice if this could get even better and allow for automated payment. 66	roads need repair, code enforcement is not equally enforced	7/7/2015 1:00 PM

92	East Bradford park landscaping and tree pruning is poorly maintained	7/5/2015 5:16 PM
93	We need to be planning on expanding the public sewer service	7/5/2015 1:39 PM
94	I live on S Bradford Ave across from Everhart Park. To avoid following Business RT 322, commercial traffic has detoured avoiding the actual town of West Chester. The traffic , noise, road debris and damage to my home due to truck traffic (including lawn service vehicles) is unbearable.	7/5/2015 10:49 AM
95	Pot-holes!	7/5/2015 10:28 AM
96	The snow removal needs to be more efficient.	7/5/2015 10:08 AM

105	Sewer fees are way too high.	7/4/2015 12:54 PM
106	My impression is that this township used to be considered a rural part of the area. With at least 2 major condo developments in the township, the township laws regarding having dogs always on a leash, outside, shared chimneys be required to be cleaned, and dryer vents, in condos be required to be cleaned, along with fireplace pipes, that are shared in 1 chimney. The degree of congestion is too great to still consider this township "rural." With dogs running loose, the quality of life suffers for ALL residents and guests.	7/4/2015 12:32 PM

113	Potholes?!? Epic car damage this year. Is there a hotline to call? There should be!	7/3/2015 3:47 PM
114	Traffic at rt 162 and Highland rd intersection is difficult to handle.	7/3/2015 3:42 PM
115	I would like access to natural gas.	7/3/2015 3:39 PM
116	We were told there would be public sewer. Never happened	7/3/2015 3:26 PM

122	RE Roads: By keeping our roads "small, narrow" I believe that this in it's self will limit developement to some respect.	7/3/2015 9:47 AM
123	Riding from East Bradford through West Chester can be a really big time investment.	7/3/2015 8:03 AM
124	Fortunately have not had to use many of the above services. You should have a N/A choice.	7/3/2015 7:51 AM
125	Total public disregard for posted traffic signs & speed limit. Litter on TWP roads. Traffic conditions on Rt 322. Lack of Police presence in public patrolling. Public sign enforcement. Public noise ordinances facing private property. Lack of code enforcement of the Twp building code. Lack of policy / code for farm animals & horses.	7/3/2015 7:44 AM

128	Don't have public sewers, on a septic system.	7/2/2015 8:52 PM

135	Nice that you give us so much room to comment. Plowing and infrastructure maintenance is generally ignored. Potholes are ignored until they are so bad they cause accidents. Frankly we don't see much for any tax monies given to the township	7/2/2015 5:16 PM
136	Parks are to built	7/2/2015 5:08 PM
137	Traffic during street festivals is always a bit tricky.	7/2/2015 4:56 PM
138	The traffic is increasing with the increase in building in the area.	7/2/2015 4:44 PM
139	Township spends too much money. Pickleball?!? Really!?	7/2/2015 4:39 PM
140	the dissatisfied on public sewer is due to not having that as an option in our neighborhood.	7/2/2015 4:38 PM
141	Keeping this area open and spacious	7/2/2015 4:20 PM
142	The public sewer contract with the borough is too expensive and needs to be revisited.	7/2/2015 4:08 PM

166	Traffic is getting heavy in the area.	6/25/2015 8:24 AM
167	For the amount of taxes that we pay, their should be better trails and open space. About ten years ago you allowed a varience on the property behind us to allow for a strip mall. Thi was a big mistake as it will be difficult to rent those buildings out with laws on the books that severely limit signage.	6/25/2015 8:13 AM

176	The overall value for cost, especially of our police services, needs to be reexamined. Although we have a contract with the Boro they are reluctant to enforce Township ordinances and their presence is rarely seen in the Township.	6/23/2015 12:01 PM

11	Bike/ped The idea of bikepaths/sidewalks that will connect the residential neighborhoods into the borough I think should be the number one goal. A big benefit to this area is its proximity to downtown west chester. Being so close but having no real safe way to walk or bike into town is a major drawback. Before you spend time/money making a pathway up the 52 corridor (which would not connect that much residential to the borough, I would work to get a sidewalk/path from the corner of 842/Bradford avenue, up 842, left on sconnelltown, down to birmingham, and then left to the start of Marlin Drive. This would give access to the the two East Bradford parks along sconnelltown to the borough as well as providing residential access to the borough as far down as South Creek Road (all the neighborhoods in that area can be accessed through Marlin Drive. This would connect nearly every neighborhood in the area between 842, lenape road, and creek road into the borough without having to walk/bike on a main road. That I believe would be the most beneficial to the residents of east bradford (particularly if you are deciding between doing my suggestion or spending money on the 52 corridor down to strodes mill). That would only connect the shropshire neighborhood, which would be connected already if you went down sconnelltown instead.	7/21/2015 11:28 PM

I'm not talking about the occasional dog park but trails. Thank you for what you currently offer. Walking my dog gives me (and him) huge quality of life. 30	Snow Removal I think snow removal could be better. I can always tell where the township line is because the roads are much better in W.G.. could be that they have a larger tax base and can afford more?	7/18/2015 2:29 PM
31	Taxes I like living in East Bradford Twp. because of it's bucolic atmosphere and yet having a proximity to many amenities. However, I would say secondhand that property owners in the recent past have been flummoxed by what seem to be overly ardent regulation and fees, even for the addition or building of aesthetically appropriate home or other building additions.	7/18/2015 1:02 PM

38	Taxes it seems that there are issues with having stores in East Bradford. The Walgreens at Niels went out of business and the Acme on 322. Does local tax have to be a hindrance for business owners here to the point where we have to go into West Chester to get services?	7/17/2015 11:51 AM

81	Bike/ped Open space/Recreation More publicity about parks and trails that are available to residents.	7/14/2015 9:39 AM
82	Bike/ped More sidewalks to connect to Everhart Park and town. I understand 842 is a state road but I have observed people in wheelchairs riding on the roadside. Cars and trucks speed along this road making it extremely dangerous to walk. The Mercers Mill Community would love to be able to walk into the borough safely.	7/14/2015 7:28 AM
83	Bike/ped I walk on 842 almost daily between Bradford Ave and Price. It is very dangerous, since the cars go fast and some portions have no sidewalks. Many people walk that area because of working in the nursing home.	7/14/2015 6:39 AM

107	Roads I want to see widening of our many twisty, turning, narrow old country roads, but in I know there is little chance of doing this. My # 1 concern is Rt. 52 between Shropshire & Darlington. I live on Lake George Circle. The narrow, twisted curve is so narrow that one side is a tall hill with solid tree roots with no gutters & no where to go & the other side is a slope you which fortunately has a guard rail but a car driving over the speed limit can run into the guard rail. I am sure this a constant complaint.	7/12/2015 2:58 PM

134	Taxes It is indicated the Township needs additional tax receipts to maintain (not enhance) the existing facilities and open spaces...open space acquisition has reduced the tax base and needs to be supported. 175	Roads Lower traffic volume going through the township.	7/7/2015 8:46 AM
176	Other It seems as though the focus of the supervisors is the area joining West Chester. This is logical because it is the highest population area however, there are very rural areas than get less than satisfactory attention.	7/7/2015 8:27 AM
177	Roads PAVE Bradford Ave!!!! That road has not been paved in at least 10 years and it looks it and feels it. Put in a better light at Bradford and 162. 178	Bike/ped ENFORCE BICYCLE SAFETY ON ROADS. MORE SIGNAGE TO SHARE THE ROAD WITH CYCLISTS.	7/7/2015 7:15 AM
179	Roads I can't believe how many years that Bradford Ave between Price St. and Rte 842 has been ignored. This is the absolute WORST section of road I must drive on throughout PA, NJ, and NY. It damages cars and is dangerous because of people driving on both sides of the road to avoid the nasty potholes and potholes. FIXING THIS ROAD SHOULD BE THE #1 PRIORITY. Similarly, the potholes on Rte 52 between Rosedale Ave and Lake George Circle were first ignored then poorly patched - people drive around them too. SHAME !	7/7/2015 6:44 AM
180	Bike/ped I am concerned for the safety of walkers, joggers and cyclists in our township as they move along our twisting, hilly, narrow roads.	7/6/2015 9:46 PM

182	Roads Improve condition of township roads.	7/6/2015 9:11 PM
183	Taxes We would like less restrictions on residents wanting to put additions on their homes. Rain water runoff requirements are excessive.	7/6/2015 8:57 PM
184	Infrastructure I would like to see a WAWA somewhere in East Bradford. I would hire some companies to cut back the vegetation along the roads to keep the electric from going out. THERE IS NO EXCUSE for the electric going out in storms and being out so long...	7/6/2015 8:11 PM
185	Bike/ped Specifics Add sidewalks to access East Bradford Plaza from both the borough direction along both 322 and 162. Get tenants for the old ACME on 322. Improve walkability as much as possible.	7/6/2015 8:09 PM
186	Bike/ped I'd like to see some sort of sidewalks on roads like Hillsdale, Highland and Creek to be able to get to places like Stroud and Singer without driving.	7/6/2015 7:14 PM
187	Taxes New code enforcement officer	7/6/2015 6:10 PM
188	Open space/Recreation No, please keep protecting open space.	7/6/2015 6:06 PM
189	Bike/ped Better planning for those of use next to the Boro, ie things like sidewalks.	7/6/2015 5:39 PM
190	Bike/ped We need room for bicyclists...it's a nightmare getting stuck driving behind them	7/6/2015 4:48 PM
191	Roads More attention to the quality of road maintenance. The pothole situation is intolerable at the moment. Spend a few buck to fix the highways, before more people are injured or someone is killed.	7/6/2015 4:46 PM

192	No Change No. In general I am quite happy with the township and it's services.	7/6/2015 4:45 PM
193	No Change maintain the culture, character and beauty of East Bradford.	7/6/2015 4:17 PM
194	Bike/ped Sidewalks on Bradford Ave. , safe pedestrian/ bike connections between our parks and west chester	7/6/2015 3:44 PM
195	Bike/ped Extend Brandywine Creek trail Reduce summer park programs some	7/6/2015 2:36 PM
196	Other Let's vow to not become more commercialized!	7/6/2015 1:15 PM
197	Infrastructure Snow Removal The roads aren't cleared on a timely basis when it snows. The snow plows hit the mailboxes routinely. We should have public sewer. There isn't enough police cars driving around checking.	7/6/2015 12:48 PM
198	Other Some residents are conducting businesses in R1-zoned communities	7/6/2015 12:23 PM
199	Open space/Recreation Active management of Township parks for invasive plant control.	7/6/2015 12:05 PM
200	Open space/Recreation Taxes Keep adding to space that is open to the public. Increase taxes to accomplish	7/6/2015 11:33 AM
201	No Change NO	7/6/2015 11:31 AM
202	Bike/ped Connect Brandywine Trail with Starr Farm Park	7/6/2015 10:58 AM
203	Open space/Recreation I most enjoy the parks that our township has to offer. My family and I often visit the parks and walk the paths for our exercise.	7/6/2015 10:42 AM
204	Roads Speed limit on Skelp Level Road is not consistent with other roads. Nobody, including school buses and police, do not obey the 25 mph. It should be raised to 35 or 40 mph and be more consistent with the area. Police just sit on the down hill areas and give out tickets to residents of the road as a way to raise funds for the township. If they want to slow down the traffic, ticket the school buses and police and other township vehicles breaking the 25 mph areas.	7/6/2015 10:27 AM
205	Other I would like to see Code Enforcement drive through my neighborhood every once in a while.	7/6/2015 10:11 AM
206	Infrastructure Peco situation	7/6/2015 9:53 AM
207	Other if I have to call 911, it doesn't cost me \$850.00 for a 2 minute ride to the hospital	7/6/2015 9:39 AM
208	Infrastructure Something about storms always knocking out power in Plum Tree for excessive periods of time and multiple times a year.	7/6/2015 9:36 AM
209	Roads Better road maintenance.	7/6/2015 6:35 AM
210	Open space/Recreation Install a disc golf course. That would be a great outdoor activity to share with my family and neighbors year-round.	7/5/2015 8:13 PM
211	Open space/Recreation More open space purchases through better use of funds. Less development would keep our need for services and thus our taxes to a minimum.	7/5/2015 8:08 PM
212	Bike/ped More trails	7/5/2015 6:52 PM
213	Bike/ped Walking path along Sconnetown Road to get into town. Make E Bradford more live work play accessible	7/5/2015 5:16 PM
214	Bike/ped Roads Improve road conditions; add bike trails or bike lanes so biking is safe and bikers do not need to ride on roads with no shoulders	7/5/2015 2:17 PM
215	Open space/Recreation Less development. More open space.	7/5/2015 1:35 PM
216	Roads Coordinate road maintenance with neighboring townships, so the whole road is maintained, instead of patches of road.	7/5/2015 10:51 AM
217	Roads ONLY LOCAL TRAFFIC (NO TRUCK/LAWN VEHICLES) should be permitted between Price street and Miner Street on Bradford Ave. I have suggested speed bumps as well as stop signs. Would there be consideration of a one way street.	7/5/2015 10:49 AM
218	Roads Fix the pot holes in a timely manner	7/5/2015 10:28 AM
219	Other I would like the administration to be more available and open and friendly. The office is mean. We stopped in twice to ask about Eagle scout projects that are on the township's wish list and both times we were treated poorly and not able to obtain the info.	7/5/2015 10:08 AM

220	Other we love living here, but after 25 years we know almost no one in this community even our neighbors, this to me is a great place to live but it is not a community and I am not sure why	7/5/2015 7:20 AM
221	Other About Harvey's property at Shenton & Frank Rd. I would love to see the stone section of the house restored. A lovely meditation park would be nice, but not for children's activities, which we already have. Maybe you could arrange Tai Chi classes for us old farts.	7/5/2015 5:30 AM
222	Bike/ped Add sidewalks to all new development and take every opportunity you can to improve pedestrian connections. Also limit road widening and straightening it only increases speeds reducing safety for all and greatly diminishes the rural character of the area.	7/4/2015 9:17 PM
223	Open space/Recreation Love the open space	7/4/2015 9:12 PM
224	no comment See above comment.	7/4/2015 7:07 PM
225	Roads Better road services, snow removal, pot holes, etc...	7/4/2015 3:25 PM
226	Bike/ped Side walk along Copeland School Rd so that children and adults can walk or bike to parks.	7/4/2015 2:00 PM
227	Open space/Recreation More playgrounds for kids	7/4/2015 1:37 PM
228	No Change no	7/4/2015 1:06 PM
229	Roads Snow Removal I had e-mailed the township a few years ago about nuisance dog barking afeter midnight but never recieved a responce. There is a noise ordenance in the township but It doesn't seem to be enforced. Snow plows should clear the turning lanes also. The turning lane on Bradford Ave. onto shropshire drive doesn't get plowed which causes cars to sstop in the plowed area of the road before making the turn onto Shropshire Dr. This can be dangerous ... I am surprised nobody had been rearended.	7/4/2015 12:56 PM
230	Open space/Recreation Do not build any more stores. We have plenty. Keep the space open!	7/4/2015 12:54 PM
231	Other I would require that ALL dogs, regardless of size or nature, be required to be on a leash, attached to a human being, when outside in public and common "private areas." Laws need to be changed to reflect multiple-family dwellings, and not single-family dwellings, when most of the area was considered rural.	7/4/2015 12:32 PM
232	Taxes Cut the fat and reduce the taxes.	7/4/2015 11:39 AM
233	Communications I know the township works hard and does a great job with communications, but I wish I could be more in tune with Township/community activities. It might be more my fault than anything, and I need to figure out how to stay more in touch and follow the website, Facebook, etc.	7/4/2015 11:27 AM
234	Other I continue to be concerned that new subdivisions/home clusters are eroding the rural/bucolic appeal of the township.	7/4/2015 11:21 AM
235	Infrastructure Curbside pickup of yard waste either monthly or biweekly.	7/4/2015 11:17 AM
236	Bike/ped Lengthen the Brandywine Bike Trail.	7/4/2015 10:33 AM
237	Infrastructure the new trash service we have had for the past 2 years is not as good. they have broken 1 of my cans because of how they throw it all around	7/4/2015 6:13 AM
238	Bike/ped I love the idea of more trails and interconnected.	7/4/2015 5:59 AM
239	No Change no	7/3/2015 10:28 PM
240	Bike/ped Perhaps a sidewalk along Strasburg Road that would make walking from the Bradford Square development to the amenities in West Chester borough safer would be nice.	7/3/2015 8:03 PM
241	Other More community use of Art Center; shows, sales....	7/3/2015 7:45 PM
242	Other Adherence to the "open space" concept; better enforcement of speed limits for motor cycles as well as cars and trucks; better and safer access for pedestrians to walk along township roads; better drainage control enforcement with new housing developments; better preventative measures for power outages from all seasonal weather events; enforcement of township regulations regarding pets, ie, leash law; better distribution of snow during snow removal; respect for property rights by all members of the community young and old; better kudzu control; more family restaurants and another grocery store. AND access to a local radio station with a backup power supply to provide much needed information during emergency situations., plus, perhaps a warning system to alert citizens of an impending emergency event.	7/3/2015 6:40 PM
243	Other Slow rate of overdevelopment and slow increased crowding.	7/3/2015 6:05 PM

East Bradford Township Community Survey

244	Taxes taxes are not applied to services. lower taxes or improve services.	7/3/2015 6:01 PM
245	Open space/Recreation I'd like to see outdoor gyms in parks. Places where people can exercise outdoors. Pull up bars, benches etc.	7/3/2015 5:19 PM
246	Infrastructure I would like you to begin enforcing neighborhood blight issues. We live near a home that has had a roofing issue for years and they cover the problem with unsightly blue tarps. We invest thousands of dollars to improve our property and our neighbors are bringing our property values down. You can see the tarps on Google earth maps!	7/3/2015 3:47 PM
247	Roads Enforce speed limits, improve traffic at some heavily used intersections.	7/3/2015 3:42 PM
248	Taxes Code enforcement in the township has a terrible reputation among trades people. Some will no longer do work in the township. Some see the standards as unreasonable	7/3/2015 3:26 PM
249	Roads Very hard to get to a lot of places -- always have to go through W.C. and with West Goshen Township blocking off access through Roslyn neighborhood -- oi vey.	7/3/2015 2:05 PM
250	Communications Open space/Recreation Other Roads Repave the hill on Bradford Avenue between Price and Miner. Host a poker night, casino night, or games night at 666 Copeland, to fundraise for a special township project. You need better communication on the website; e.g., look at the page on Pickle Ball -- it mentions "the tennis courts". What tennis courts? Where are the tennis courts? Also, "clinics on Pickleball, check with the office about when these are scheduled". Very inefficient to ask residents to keep bugging you about when the clinics will be scheduled -- how about not mentioning the clinics until you have them scheduled?	7/3/2015 1:45 PM
251	Roads Road upkeep	7/3/2015 11:12 AM
252	Bike/ped Snow Removal Plow trails in the winter	7/3/2015 11:05 AM
253	Open space/Recreation Continued maintaining open space and parks.	7/3/2015 10:54 AM
254	Bike/ped The ONE thing that I can not believe we do not have is a sidewalk that goes from at least Bradford Hall (nursing home) to Everhart park. I see so many people walking to work from the borough or taking dogs for a walk down W. Miner to the park and it is VERY dangerous. There is so much traffic on that road that walking on it is totally a dangerous situation, yet so many do it. Myself included, because there is no other choice to get to the park for me. We could walk through Mercers Mill and down through the woods but the woods have so many ticks in it. I beg and plead for you to please put in a sidewalk down W. Miner to the corner of the fire station and Everhart Park. Thanks!	7/3/2015 10:54 AM
255	Infrastructure The 30%-40% increase in my sewer bill a couple years ago was, and still is, very frustrating. No further status or update has been provided regarding if/when rates will return to their previous level.	7/3/2015 8:27 AM
256	Roads Where Bradford Avenue crosses Miner Street, the road needs repair badly. It has been that way for a long time, and every time I go by there it just about shakes my car apart. Other than that, I think that things are well kept, and I love living here.	7/3/2015 8:03 AM
257	Other Change in the twp. ordinance to place a politically independent General Manager or Mayor in control of the administration of the twp. The current board is unsatisfactory.	7/3/2015 7:44 AM
258	Open space/Recreation More land conservation on the side of the township near West Chester borough, Miner St/Rt 842, and Sconnetown Road.	7/3/2015 7:23 AM
259	Infrastructure Public transportation! Add bus lines and specifically bus lines to the Septa rail stations. More frequent rail service to Exton, Malvern & Downingtown	7/3/2015 6:43 AM
260	Communications I would appreciate it if the township permit supervisor would respond to email questions	7/3/2015 5:54 AM
261	Communications I WOULD LIKE TO IMPROVE THE DIALOGUE BETWEEN TOWNSHIP OFFICIALS AND BUSINESS PEOPLE IN OUR COMMUNITY. OFFICIALS SHOULD TRY TO KRR!!!!!!	7/2/2015 10:01 PM
262	Roads Keep the roads litter free.	7/2/2015 9:21 PM
263	Open space/Recreation Purchase and preserve much more open space as passive or recreational areas in the township as it will increase the value of properties of those already residing in the township. The eye appeal of our township must be a high priority.	7/2/2015 9:13 PM
264	Infrastructure Install public sewers	7/2/2015 8:52 PM
265	Roads Roads. Potholes lingered way too long even when the weather turned. More retail, shopping needed. Have to go to other side of West Chester, Exton/downingtown or Glenn Mills in order to something.	7/2/2015 8:42 PM

East Bradford Township Community Survey

266	Other Roads More cultural events, concerts, outdoor family movies, running/walking/biking trails. Change the unsafe conditions at 322. Get rid of the Acme and strip stores on that corner	7/2/2015 8:22 PM
267	Other Roads Let those people with home business like B&B put up their little signs. You guys are ridiculous. Do more to counteract speeding on township roads.	7/2/2015 8:06 PM
268	Specifics Allowing a business to be operated in a residential neighborhood should not be tolerated. Zarelli landscaping is the one to whom I refer.	7/2/2015 7:40 PM
269	No Change no	7/2/2015 7:34 PM
270	Roads Reduce traffic on back roads and make the traffic go slower... speed humps, other?	7/2/2015 7:10 PM
271	Bike/ped Continue to improve roads to become more bicycle friendly.	7/2/2015 7:01 PM
272	Bike/ped Safe bike/walking path accessible to Route 52	7/2/2015 6:43 PM
273	Bike/ped Continue the addition of open space, bike and walking trails.	7/2/2015 6:34 PM
274	Bike/ped Open space/Recreation I agree with the purchase of open land and making new trails, walking paths, etc. Keep up the good work.	7/2/2015 6:26 PM
275	Roads traffic congestion	7/2/2015 5:43 PM
276	Roads The township needs its own dedicated police force. Not enough attention is paid to speeders on the roads in the township.	7/2/2015 5:27 PM
277	Bike/ped Roads Biking and walking in the township is a joke. Most roads have no safe shoulders, you take your life in your hands if you have any thought of walking somewhere off your own property. Township should be ashamed of some road conditions (such as Bradford Avenue)	7/2/2015 5:16 PM
278	Roads Control of traffic speed, particularly with motorcycles, along Strasberg Rd., near Bradford Plaza.	7/2/2015 5:03 PM
279	Roads eliminate speed bumps	7/2/2015 4:58 PM
280	No Change No.	7/2/2015 4:56 PM
281	Taxes Repeal the open space tax. This will allow the land to be used to build a broader tax base rather than piling on additional tax burden on a smaller group. It will also stop the supervisors wasting hundreds of thousands of dollars on buildings like Strodes. That just smells of cronyism. Control costs and stop wasting money buying up land.	7/2/2015 4:39 PM
282	Taxes permit process is too slow and antiquated.	7/2/2015 4:38 PM
283	Roads Repave Bradford Ave. from 52-162. It has been rough for the past 10 years, and I travel the road often. It is a busy street, so not sure why you leave it in this awful condition (worst near Everhart Park)	7/2/2015 4:25 PM
284	Other Roads Resurface some roads and do not build any more town home or condo developments. Keep new home construction to 1 and 1/2 acre lots to assist with keeping the township beautiful and open	7/2/2015 4:20 PM
285	Infrastructure Roads Road side curb and storm water grate grates cleaned up and checked , on a regular basis to prevent local flooding and contamination of local streams.	7/2/2015 4:08 PM
286	Infrastructure Lower sewer costs!	7/2/2015 3:44 PM
287	Bike/ped Restrict all bikers to 4 or less in a pack on Creek Road	7/2/2015 3:08 PM
288	Taxes New person needed for building inspector. He is rude (didn't even bother to introduce himself to me before entering my home) and doesn't seem to know how to do his job - just likes to boss people around. because of the way he told my contractors to install a water pipe in my basement, i ended up almost destroying my new HVAC unit because the water flowed back into it. If the pipe had been installed the way the contractors had wanted to, there would have been no problem. I should ask for him to reimburse me for the cost of a new parts and labor that was needed to fix the unit. Anyone I talk to who has to deal with him always has the same response - major eye rolling and some not so nice words.	7/2/2015 3:02 PM
289	Other A new group of people might help!!	7/2/2015 2:42 PM
290	Other Less development	7/2/2015 2:21 PM
291	Other Specifics Demolish or reuse the empty Acme store on 322.	7/2/2015 2:21 PM

292	Bike/ped Connect the trail off of 322 to struble trail in town. Either by designating a lane for bike/walk/run only or making a completely own way.	7/2/2015 12:03 PM
293	Other develop Skelp Level Park area, north skelp level rd.	7/1/2015 5:12 PM
294	Bike/ped MORE WALKING AND BIKE TRAILS	7/1/2015 1:42 PM
295	No Change nothing	7/1/2015 11:05 AM
296	Bike/ped I would like to see a designated bike lane for all bike routes transversing through the township due to the inherent dangers of the routes themselves. Although the routes are breathtaking, they have so many blind corners making it quite dangerous for both motorists and cyclists alike, especially those who" tend to take the laws in their own hands".	7/1/2015 8:37 AM
297	Infrastructure Additional police surveillance.	6/30/2015 7:08 PM
298	Roads Snow Removal road care pot holes needs work snow removal is good	6/30/2015 10:50 AM
299	Bike/ped Roads I would like to find a way to get the bicycles off the main roads. Extremely hazardous to bikers and drivers. Since this is probably impossible, at least have a designated bike lane so we do not have to try to swerve around them. This is the absolute worst thing about living in East Bradford.	6/30/2015 10:44 AM
300	Bike/ped Change bicycle routes where there is an appropriate shoulder. Now they ride 2 to 3 "wide" on the roadway with blind corners and elevation changes. I've had many friends come to my home and complain of very close calls with cyclists despite drivers following posted speed limits and warnings. Shocked by the lack of planning for safety.	6/30/2015 10:14 AM
301	Roads Taxes reduce traffic and traffic noise, other tan that the township is very nice, I like the low taxes.	6/30/2015 7:33 AM
302	Infrastructure Open space/Recreation We should spend more dollars on protecting our natural resources and infra- structure.	6/29/2015 11:56 AM
303	Roads less stop signs and traffic lights. cause congestion, trash, noise.	6/28/2015 8:57 PM
304	Roads Ensure that no new traffic signals are installed. If there is a need,, do a round island like on Rt 52 near pocopson home	6/28/2015 4:39 PM
305	Roads Very slow this year in addressing the dangerous potholes after this winter	6/27/2015 2:34 PM
306	Open space/Recreation Develop the open space on sconnelltown rd. the area near Birmingham rd could be ball fields which are needed. The neighbors don't want anything there which is just not fair to the rest of us. Either turn it into useful fields or sell it to a developer! It's a useless piece of land right now.	6/27/2015 1:48 PM
307	Infrastructure I believe the parks could be much better maintained as well as the roads	6/27/2015 10:28 AM
308	Bike/ped Better walking/biking access. The roads are too dangerous for anything but vehicles.	6/27/2015 7:52 AM
309	No Change The West Chester area is a great place to live and work. I'm totally satisfied with East Bradford Township and its commitment to preserve open space and manage the inevitable growth.	6/26/2015 4:34 PM
310	Other In observing how the township personnel deal with residents, they often seem to be obstructionist in their position. As opposed to the "let me help you figure this out" type mentality, we get the "these are the rules we made, deal with it" mentality. I've never had an issue, but it seems as though some of the township personnel expect you to bend to their rule before they will work with you. Disappointing and not productive. To note, this reputation is well known in the area. You folks have a SERIOUS PR problem!!!!	6/26/2015 1:16 PM
311	Roads I would just like Bradford Ave., between Price and Minor to be paved. It's been extremely bumpy for years.	6/26/2015 8:32 AM
312	Housing Other stop building homes on a postage stamp.	6/26/2015 6:40 AM
313	Roads extend teigh rd and take congestion off rose dale	6/25/2015 10:32 PM
314	Other more concerts and activities	6/25/2015 7:42 PM
315	Open space/Recreation Continue to protect open space as parcels may become available.	6/25/2015 3:57 PM
316	Other I'd like to see stricter enforcement or rules about properties/homes not being taken care of. We have quite a few neighbors who do not cut their grass often enough or let their weeds turn into trees.	6/25/2015 1:22 PM
317	Bike/ped Open space/Recreation continue to maintain/improve/expand open spaces and recreational areas for walking,hiking,biking, camping.	6/25/2015 11:35 AM

318	Communications More communications during and after major storms. Road closures and power restoration updates.	6/25/2015 8:43 AM
319	Taxes Change 1.25% tax to 1%	6/25/2015 8:33 AM
320	Roads Lower speed limits and increase enforcement so less commuters would be interested in driving through the township to avoid the major roadways.	6/25/2015 8:24 AM
321	Roads Please change the traffic flow on Bradford Avenue and Rosedale Avenue. There needs to be a light or three way stop there. I leave my neighborhood at Tacielynn and Bradford and the cars traveling up and down Bradford are going about 50-60miles an hour. It is a suicide mission !	6/25/2015 8:13 AM
322	No Change Great as is, don't change it! Especially don't add any more developments or shopping plazas. We have ENOUGH!	6/24/2015 11:23 PM
323	Bike/ped No Change Stop trying to improve what is already an excellent township. The township doesn't need any additional open space or trails just maintain what you have.	6/24/2015 8:22 PM
324	Infrastructure Seeing the WC Police forced to lurk on roads with artificially low speed limits waiting for citizens to do something "illegal" turns my stomach	6/24/2015 6:07 PM
325	Taxes keep the budget controlled	6/24/2015 5:04 PM
326	Infrastructure Public Sewers	6/24/2015 3:54 PM
327	Other Home/land development - earned income revenue Business development along 322 corridor some of "parkland" areas are simply open space	6/24/2015 2:14 PM
328	Specifics You said our budget required more taxes. If that is true why are we spending money we don't have on Strode's Mill.	6/24/2015 2:09 PM
329	Bike/ped Improve the walkability of our community- sidewalks, trails, paths	6/24/2015 2:08 PM
330	Bike/ped Wish the trails extended between municipalities i.e. between West Chester and Downingtown.	6/23/2015 6:39 PM
331	Bike/ped More sidewalks to connect the neighborhoods bordering the West Chester downtown borough.	6/23/2015 3:10 PM
332	Open space/Recreation I think township priority should be to preserve green space. Current projects like Tigie Farm development by Toll Brothers should be managed with the goal of preserving the current feel of that area, not maximizing the units for Toll Brothers.	6/23/2015 1:37 PM
333	Bike/ped Need of sidewalks on Strasburg Road to make walking to shopping center and into WC Borough easier	6/23/2015 12:46 PM
334	Other While I understand it from a legal perspective, the concentration of power into the Supervisors hands makes it such that they don't have to really listen to the citizens if those opinions are unpopular. Nor do they have to take into account the advise from their advisory committees. Too many deals are cut in the backrooms out of sight of the citizens.	6/23/2015 12:01 PM
335	Other The township office staff needs lessons in politeness and manners. They treat taxpaying citizens who call or stop by rudely.	6/23/2015 11:20 AM

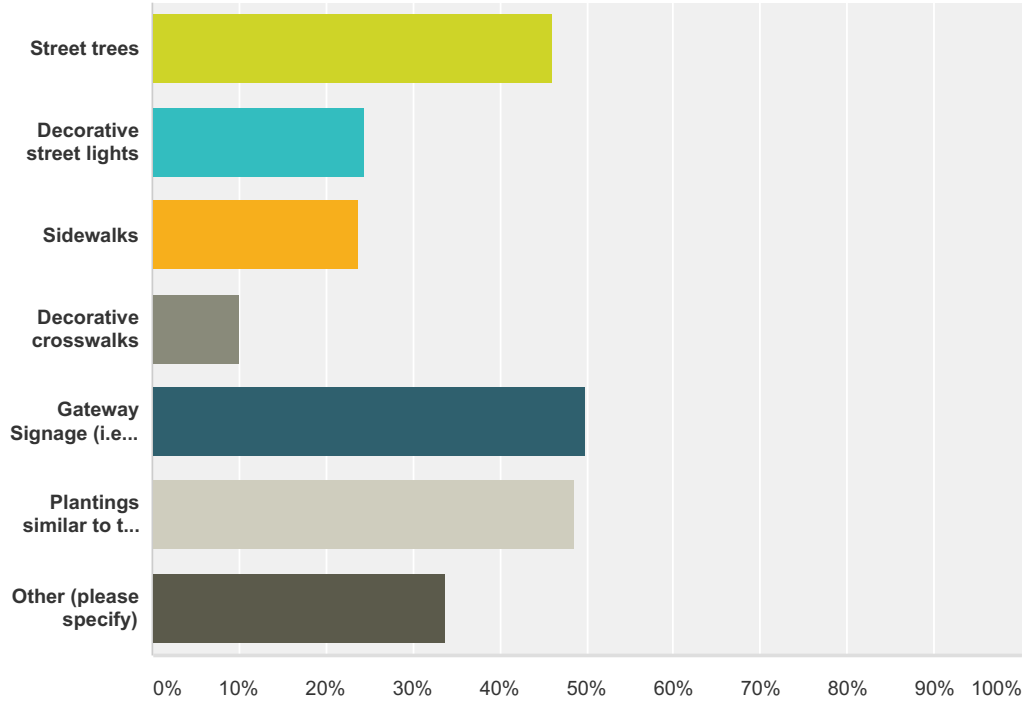

Q5 This corridor presents the first impression for someone entering East Bradford Township from West Chester Borough or the Route 322 Bypass. In general, how would you rate the attractiveness of this corridor? (1 being Not Attractive and 5 being Highly Attractive)

3	Bike trails separated from roadways	7/25/2015 2:55 PM
4	former acme food store is now a suburban blight. Have it torn down. Stop light at crest of hill at CVS entrance is, in my opinion, extremely hazadous and should be removed and that entrance to the parking lot closed. In fact, the whole shopping site there was a very bad idea and should be torn down and replaced with woodland.	7/23/2015 9:14 AM
5	This is a busy road. I'm not sure making it less of an arterial is an improvement.	7/20/2015 2:26 PM
6	None	7/20/2015 9:49 AM
7	any of the above would make someone want to enter West Chester	7/19/2015 2:04 PM
8	I do not want to increase taxes for any of this.	7/18/2015 7:18 PM
9	Where 322by pass turns is not that attractive. There is a bldg there that has changed hands many times. Find the right business or perhaps park which would enahance that spot would be great	7/18/2015 6:53 PM
10	The fewer the signs, the better.	7/18/2015 1:06 PM
11	The housing/architecture does not look attractive compared to the rest of the borough/WC area, specifically closer to the borough.	7/18/2015 10:43 AM
12	it's a high volume transit thoroughfare. maybe more trees. otherwise its a waste of money - like putting decorative elements along Route 202.	7/18/2015 9:27 AM

15	Why do we need to create an impression, especially if it causes taxes to escalate	7/15/2015 8:50 PM
16	I wouldn't spend too much time or money on this issue. Quite frankly, I'd rather have E. Bradford fly under the radar than advertise it. A best kept secret kind of thing.	7/15/2015 8:10 PM
17	Regular Highway clean-up	7/15/2015 3:39 PM
18	Trim the trees and grass along the roadways	7/15/2015 1:45 PM
19	Removal of debris from Landscape Company which is piled along the Brandywine Creek and Rte 322.	7/15/2015 11:22 AM
20	IMO the real issue is the abandoned Acme shopping center. From the start it looked terrible and I'm not shocked nothing has really survived in that complex. A farmers market? Restaurants? EBT should try to entice people to do business in the complex, if possible.	7/15/2015 10:58 AM
21	Put the ACME shopping center to better use. Open the roadway so a business can go into the 322/Highland Rd area.	7/15/2015 10:28 AM
22	None of these would make a significant difference	7/15/2015 8:32 AM
23	Encourage the businesses on Tower Lane to clean up their properties and remove the old vehicles.	7/14/2015 5:18 PM

27	None of the above. It is fine as is.	7/14/2015 12:10 PM

35	The intersections near Giant are a mess. I think those roads need to be rethought and changed.	7/12/2015 8:42 AM
36	Get rid of the billboards at Rt 322 and the by pass. Also do something with the empty Acme location and parking lot. What a mess! That piece of land should have been left wild. There has been open retail space at Bradford Plaza for 20 years. I don't understand why more was created at Miles Road. It's an eyesore.	7/11/2015 4:59 PM
37	get rid of the run down and vacant shops at Highland Rd and do something with the old Acme shopping center	7/11/2015 11:11 AM
38	Easier walking and riding. Do something about the deserted Acme shopping center.	7/10/2015 5:37 PM

40	No improvements are needed. Beautiful the way it is.	7/10/2015 11:43 AM
41	The township should not spend a dime on this project. Let the market figure out how it looks and what businesses are there. The less government involvement he better.	7/10/2015 10:47 AM

50	From Bradford Center to school - return to more natural appearance.	7/8/2015 9:46 PM
51	Viable businesses	7/8/2015 9:18 PM
52	Nothing, unless the above items will not have a cost associated with them.	7/8/2015 9:01 PM
53	I think it would be a waste of money to try to make that area look "pretty". I feel there isn't much that can be done with the business that already exist along this stretch. The building at the intersection of 322 and the 322 bypass is an eyesore.n	7/8/2015 5:50 PM
54	The uses of property along this corridor define this space. I don't believe any of the elements listed above could materially impact the appearance of this corridor.	7/8/2015 5:24 PM
55	Really not much can be done. It would be nice if the old Acme location could be fixed up	7/8/2015 4:38 PM
56	Do something with the vacant (former) Acme building.	7/8/2015 4:21 PM
57	nothing here seems to fit this area	7/8/2015 3:14 PM
58	The entrance into East Bradford is just fine. Money would be better spent on road conditions and adding sidewalks to heavier foot traffic areas	7/7/2015 10:17 PM
59	Not important.	7/7/2015 9:31 PM

64	I dont belive anything is needed	7/7/2015 8:33 AM
65	Just trimming the weeds about 5 ft to either side would be a big improvement.	7/7/2015 8:05 AM

67	Fix the Bradford Ave road problems and decorate later !!!!!	7/7/2015 6:53 AM
68	I don't think the appearance of this bit of roadway reflects very much on the township as few people know it is part of the township	7/6/2015 9:51 PM
69	Just fine now	7/6/2015 8:44 PM
70	How about a WAWA where 322 and 322 bypass converge. There's a horrible little structure there which is unused and it is unsightly.	7/6/2015 8:16 PM
71	Use native plants/trees in all plantings. Keep signs very simple.	7/6/2015 8:11 PM
72	Not sure you can do anything, but there is a lot of empty business space along the section.	7/6/2015 7:05 PM
73	Get rid or fix up some of the businesses that are not making it	7/6/2015 5:41 PM
74	Buy the land at the corner of 322 and Highland and demolish the building. Reclaim as greenspace. It is unusable as a retail space with the entry restrictions. No one will ever succeed there.	7/6/2015 4:57 PM
75	Extend the Brandywine Trail all the way from the edge of West Chester Borough to Downingtown.	7/6/2015 4:49 PM

84	Trader joes in the abandoned grocery store	7/5/2015 9:54 PM
85	It's a thoroughfare. As long as traffic flows smoothly it doesn't need to be fancy. I don't see it as a gateway to our township.	7/5/2015 4:59 PM
86	Attractiveness of corridor is not a priority	7/5/2015 2:24 PM
87	Who cares? Seems like a waste of resources	7/5/2015 12:28 PM
88	the defunct businesses and the trash they accumulate are eye sores.	7/5/2015 10:33 AM

98	It looks fine. Leave it alone.	7/4/2015 11:43 AM

112	Never really considered it. It looks like a normal country road. The store at Rt 322 & the Bypass only succeeded as an ice cream store. Unfortunately, its in a bad place to stop and it needs a major overhaul if another business locates there.	7/3/2015 3:32 PM

133	Leave it rural. If you need improvements, plant some seasonal blooming plants.	7/2/2015 6:43 PM
134	The shopping center at Miles Rd. is ugly and mostly vacant, it is an eye sore.	7/2/2015 6:34 PM

Re-engineer the access to Copeland School Road, removing it from the immediate by-pass entrance area. re-route Highland road from the bypass entrance area as well. There's just too many roadways all converging on the bypass entrance. A major rework is needed. 136	I think that pedestrian and bicycle lanes along this corridor would be dangerous. There is already a walking trail near there which is off the road, and I think that is fine. I work in transportation planning, and with the speed that cars travel on that road it would be a danger to walkers and riders to have them on the road even if it was in a bike/walking lane.	7/9/2015 9:17 AM
137	I live along 322 Bybass (the area you are studying). I have walked along 322 into town and it is not enjoyable. Improving walking in this area would be appreciated. A significant anchor store for the empty ACME space would certainly help the rest fo the stores. W.C. offers high and low end dining but not much for working families to dine at.	7/4/2015 1:15 PM
215	Try to hide/beautify the skalp level power plant area. It is an ugly site along Rt322.	7/4/2015 1:03 PM
216	You could put in a bike lane, but this is a corridor for cars to get between West Chester and Downingtown. There seems to always be construction, and in the winter, the road is slick and somewhat dangerous.	7/4/2015 12:35 PM
217	It is fine. Leave it alone.	7/4/2015 11:43 AM
218	You're on the right track with bike paths/sidewalks. We live on Hillsdale, so likely personally wouldn't find the need to go along there. But I think it's the right idea. The entire stretch is not approachable for people, and thus retail stores suffer.	7/4/2015 11:30 AM

220	Bike path sounds great.	7/4/2015 10:37 AM
221	NO biking !	7/3/2015 7:48 PM
222	Do something with that empty strip mall..., a new grocery store or family restaurant, like Bob Evans or Walley's Waffle (somewhere to get a good breakfast anytime. A good ice cream shop might be good, ie, Dairy Queen and some kind of mailing service company or a cafe which has coffee, tea, cocoa, sandwiches, pastries and wireless services.	7/3/2015 7:07 PM
223	Sidewalks, lighting, revitalization with the area with unused buildings, and plantings. Also, the businesses across from CVS could be more attractive--the buildings, chain fence--improve the appeal with improving those things or using landscaping as a screen. The brush and vine-y 'mess' further up towards the borough needs to be improved by cutting out some close to the street and putting in attractive landscaping close to the street with street lamps & sidewalks. Can we get rid of the billboards? They 'cheapen' the look. I like the look of the "Produce and More' building--I think if there were access on the adjacent street something could work there--just a tough spot. The set up of the old ACME building does not work--not a user-friendly shopping center.	7/3/2015 6:31 PM

250	Get something useful in the Acme. Too late for the bypass corner you screwed that up too badly. How about a brewery?	7/2/2015 8:12 PM
251	I am a resident for over 30 years and I live near the area in question. I am puzzled by these questions. The Acme went under because the Giant was a larger store and the township could not support 2 stores. The Dairy D'lite and other stores at the R322 bypass went under because you can only enter the site from one direction. The other reasons are the area (West Chester area) are saturated with retail stores and restaurants.	7/2/2015 8:10 PM

263	Improve appearances of closed businesses: former gas station/ farm market and the former Acme property. If maintained and landscaped well, the Acme property should be more visible and accessible to 322. A retail business would not be successful in the current layout of the center. 56	FIX THE ROAD CONDITIONS !!!!! I can't believe how many years that Bradford Ave between Price St. and Rte 842 has been ignored. This is the absolute WORST section of road I must drive on throughout PA, NJ, and NY. It damages cars and is dangerous because of people driving on both sides of the road to avoid the nasty peaks and potholes. FIXING THIS ROAD SHOULD BE THE #1 PRIORITY. Similarly, the potholes on Rte 52 between Rosedale Ave and Lake George Circle were first ignored then poorly patched - people drive around them too. SHAME !	7/7/2015 6:56 AM

92	First, pave the damn street properly, before you think about "beautifying". You might want to talk to Al at Brandywine Auto, to see if the township might help him with the excessive number of broken cars on his lot -- he's a wonderful mechanic and a civic-minded person deserving a cooperative approach. Perhaps most importantly, though -- convenient that you have a section on the "Bradford Avenue Study Area", but conveniently stop the map short of the hideous eyesore house that sits behind 513 Rasperry Lane, with the back of the house abutting 708 PA 52 (Lenape Road). Used to be shrouded in bamboo, which was a blessing. Apparently some government body instructed them to remove the bamboo, and boy oh boy, did they remove the bamboo -- they cleared the lot to the dirt level, to reveal a derelict house sitting among half-million-dollar homes. Honestly, I wish the township would gather from its 3,076 households a one-time tax of \$10, plus \$15K from the residents on Rasperry Lane, and then spend that \$45K on beautifying that house. (Apologies for any offense to the family living there.)	7/3/2015 2:19 PM

20	Again, I do not think that this is necessary. We have a lot of trails and parks in East Bradford for people to visit and we do not need trails along roadways. I would much better prefer to visit one of our beautiful parks than walk along a busy roadway.	7/9/2015 9:20 AM
21	If the side alternates there needs to be a safe way to cross the street.	7/8/2015 6:16 PM
22	not needed at all	7/8/2015 5:09 PM
23	You should only focus on placing a sidewalk on one side of the road, versus financing a sidewalk on both sides. If you have the extra funding, please focus on the cross section of 842/bradford ave... Specifically the pothole and bridge	7/7/2015 10:19 PM
24	same side, as continuous as possible	7/7/2015 3:39 PM
25	The sidewalk that is there is adequate but needs to be cleaned up.	7/7/2015 8:10 AM

28	Whatever works best as determined by designers! Love the idea!!	7/6/2015 8:14 PM
29	Any of the above - whatever is feasible. Boths sides would be good if too expensive, next preference would be WC Boro side. Third choice, alternating.	7/6/2015 5:14 PM
30	no Bike route.	7/6/2015 12:51 PM
31	Leaveit alone. There are other options elsewhere	7/6/2015 10:15 AM
32	I would oppose vehemently	7/6/2015 9:41 AM
33	Don't let any "enhancements" impede auto traffic flow.	7/5/2015 5:02 PM
34	Least expensive option for walking makes sense -one sidewalk This must be seperate from any bike path This whole area is unsaf for biking but I do not support the expense of developnga bike path in this area	7/5/2015 11:53 AM
35	Don't care.	7/5/2015 5:40 AM
36	No need - just keep it clean!	7/4/2015 7:16 PM
37	I do not even understand the question. This is a major thoroughfare. You do not want to do anything to encourage walking or biking along this road.	7/4/2015 5:13 PM
38	I am not sure whether the trail along the side for the entire length would be practical but I believe it is safer traveling on long stretches and is not as confusing for motorists and trail users alike.	7/4/2015 4:17 PM
39	Please leave it alone. Will only congest it.	7/4/2015 1:20 PM
40	None needed.	7/4/2015 11:45 AM
41	Tell the bikers to drive to the parks.	7/3/2015 7:52 PM
42	DO IT!!!!	7/3/2015 5:28 PM

44	find funding from private sources, not taxpayers	7/3/2015 9:54 AM
45	Even with a bike trail, the road is too hazardous due to enforcement of current traffic laws. Citizens will resist spending until basic quality of life issues are satisfied. Putting money into this projects do not fix the QOL problems.	7/3/2015 8:11 AM
46	This is not an area conducive to walking and biking. Walkers and bikers need to find another place to go, like the many parks already provided.	7/3/2015 8:00 AM
47	why waste the money on this?	7/3/2015 6:00 AM
48	I must question the wisdom of this thinking. Because of horse and buggies, Lancaster County is filled with wide roads for safe cycling. We have few horse and buggies in East Bradford.	7/2/2015 9:40 PM
49	waste of money.	7/2/2015 8:14 PM
50	For Safety and visibility not sure if a path on the same or different sides would be best.	7/2/2015 4:51 PM

51	Traffic control is a major issue on this entire Avenue. Speeding, no stopping at intersections, are just a few of the problems.	7/2/2015 4:39 PM
52	On one side only	7/2/2015 4:28 PM
53	Who is going to pay for those options?? NOT US!!	7/2/2015 2:52 PM
54	Nothing at this location ... Not a real recreat area	7/2/2015 12:07 PM
55	Without intruding or changing peoples property and limited land, alternating is best option, if the has to be something.	6/26/2015 1:42 PM
56	this road should be for cars only.	6/25/2015 10:32 PM
57	It has to remain on the same side. There are too many people who do not know the rules of crossing and it will tie up will tie up traffic	6/25/2015 1:28 PM

10	The road is in terrible shape. Not sure if there is a battle between the borough and east bradford on who maintains it and neither is willing to give in, but simply repaving the road would be a huge help (particularly between 162 and Price Street. This road that you are asking about, is basically straight, with good visibility. Yes, for pedestrians, I highly support a path. But for biking I think this road is "better than average" when it comes to bike friendliness.	7/9/2015 7:07 AM

It damages cars and is dangerous because of people driving on both sides of the road to avoid the nasty peaks and potholes. FIXING THIS ROAD SHOULD BE THE #1 PRIORITY. Similarly, the potholes on Rte 52 between Rosedale Ave and Lake George Circle were first ignored then poorly patched - people drive around them too. SHAME !	7/7/2015 6:56 AM

187	PLEASE review my comments to section 1. The driving is downright AGRESSIVE. I am not able to safely pull out of my driveway in a car onto S Bradford Ave w/o and aggressive driver actually going around me. The park is across the street tom my home. I have expressed concerns about children or pets being hi by speeding aggressive drivers. The road condition is poor at best (year round). The noise and debris make enjoying the outdoors impossible. I spend each weekend clearing trash from passing cars. As mentioned, the road conditions are poor and unable to handle the volume and weight of the vehicles that over use the road. My house shakes often and I have developed cracked walls due to the constant vibration. PLEASE contact me if you would like to further your inquiry. I can arrange for a group of neighbors to meet concerning this issue. One neighbor lost a dog to a speeding car. I have two cats that I prohibit from going outside due to this publicly induced environmental hazard. I love to bike. I am UNABLE to use Bradford ave. I like to walk into the town of West Chester. Crossing S Bradford Ave is the most dangerous part of this route. I place great effort into maintaining my property. Any aesthetic value is lost with the current traffic pattern. I have suggested speed bumps and stop signage. I now suggest ONE WAY TRAFFIC ENFORCEMENT. The safety of the community is at risk.	7/5/2015 11:05 AM

197	None. It is fine.	7/4/2015 11:45 AM
198	As I stated, signage..and improved/manucured plantings that distinguish the stretch as a more nature-oriented East Bradford would be great.	7/4/2015 11:33 AM
199	signage for elementary school	7/4/2015 11:27 AM
200	No street parking !	7/3/2015 7:52 PM
201	I think you should also look at the side roads off Bradford as well as the pedestrian and biker traffic is heavy. The addition underway at the Art Center has already improved the appearance along this route.	7/3/2015 7:45 PM
202	To improve the sidewalks that are existing. Ideally, it would be great to have sidewalks on both sides, but I do not think that is possible with the land and trees that are right there on the side of the road. As far as township signs are concerned, I am not a fan of the West Chester (borough) signs. I like signs that are carved and more rustic with 'nature' colors in them. (I think that is appropriate for the age of the township.)	7/3/2015 6:31 PM
203	remove street parking. the road is too narrow for parked cars.	7/3/2015 6:09 PM
204	We can now bike from Exton to Valley Forge and down to Philly. It would be great to be able to connect to the Chester Valley Trail from Bradford Avenue. 220	Get rid of Everhart Park. The most depressing park in America. Maybe just lighten it up a bit like the E. Brad park at Kenmara. Everhart has attracted ne'er do wells since the early 1900's.	7/2/2015 11:22 PM

234	Have the road completely repaved with lines, lower speed limit, and in force traffic safety during the morning and afternoon rush hours. Traffic on this avenue does not yield to any walkers. Suggest crosswalks with signs or possible flashing lights for walkers to use.	7/2/2015 4:39 PM
235	Smooth road and walking & biking access	7/2/2015 4:36 PM
236	Pave the road	7/2/2015 3:49 PM
237	There is a sidewalk in front of the former Walgreen's but then it ends! it's the sidewalk to nowhere. My daughter was supposed to catch her bus up the street but I begged them to change the bus stop to our driveway because there was no way I was letting her walk along that road. Speed limit is 35 mph but people go 45-60 routinely, esp after the light at Nields, the pick up steam going down the hill. Could use some "bus stop ahead" signs since there are multiple school bustops just between Nields and Tacie Lynn. Also, efforts should be made to get another business where the Walgreen's was - big empty space is not good for anything.	7/2/2015 3:08 PM

126	This is one section I feel the township could do better job cleaning up after storms. Also took much to long to repair potholes. This is very heavily traveled,very windy and people drive too fast. And it was a bad move removing the bamboo at that eyesore of a house. Should have just left the bamboo to hide it.	7/9/2015 4:21 PM

133	This corridor is NOT meant to be a bike path. With all of the curves the roadway takes it makes it difficult for drivers to see bicyclists and it is a danger to bicyclists. I do not think that there should be a bike route along Route 52.	7/9/2015 9:21 AM
134	There is a tree (orange X) leaning against the guardrail in this area - obvilously people know about it, but keeping the ear in good-repair in timely fashion is important to everyone's safety.	7/9/2015 7:36 AM

162	I would put a traffic light at route 52 and Plumtry or a blinking light to slow traffic down. Also, there is a great need to divert morning/evening traffic to 202 as their are to many cars using route 52 to get to route 202.	7/6/2015 6:17 PM

28	Not really too involved. But have strong desire to preserve E. Bradford's quality of life. I feel E. Bradford supervisors have made a lot of good decisions in the last 10-15 years in this topic and I hope they continue to do so by keeping future development (especially residential) to a minimum. There's no one who's gonna complain that E. Bradford is too rural but you will hear complaints if the township gets too built up. Keep up the good work.	7/15/2015 8:40 PM
