Maria Melchionda

Dear Colleagues,

It is unbelievable how time passes...imagine MAHPERD 80 years strong and we have accomplished so much and seen many changes to our allied professions. I know that it has been hard for you these past two years given the economy and school systems making it harder for you to take the days for professional development, *but stay strong*. That is one of the characteristics that professionals in other fields have commented to me about...the fact that we have come up against so much and yet we keep going!

We ARE always advocating; always finding new ways to promote our programs; always justifying and always finding a way to serve our students because we KNOW that health, physical education, recreation and dance are ESSENTIAL to student learning. Your voice counts and evidence of that is the fact that our association has served so many for 80 years!! I urge you to come to the Convention and get revitalized, refreshed and renewed! Call if you need anything....see you in November.

My best,
Maria
