

Penelope-ism Note cards

What is a Penelope-ism?

Well it's everything Penelope really wanted to say to Odysseus and others but didn't. It took Odysseus 20 years to return to Penelope from the Trojan War. In that time he traveled the world, saw foreign lands, met new people and had one adventure after another!! Well, it's time for Penelope to go off on her own adventure. There are 6 different note cards in the set, each with its own Penelope-ism

Odysseus,
didn't you think to
ask for directions?

Set of 6 note cards with envelopes for \$5.00 each
