### Wisconsin Kummer House

The Kummer House was dedicated in the fall of 1971 as the new home of the Evans Scholars at the University of Wisconsin. The University of Wisconsin chapter, founded in 1953, was the fourth chapter organized by the Evans Scholars Foundation. Since then, 890 caddies have graduated as Wisconsin Evans Scholars. Currently, 59 Scholars are enrolled at Wisconsin.

### State of the Wisconsin Chapter

*From Alphonse Drechsler  
2011 President, University of Wisconsin Chapter*

On behalf of the Evans Scholars of the University of Wisconsin-Madison, I would like to thank everyone for supporting the Evans Scholars Foundation. With your help and support, the Evans Scholars Foundation has been able to continue and flourish in its mission to provide deserving caddies with the opportunity of a lifetime. While many scholarship foundations have been forced to reduce the amount of financial aid awarded to students, the Evans Scholars Foundation has been fortunate enough to remain strong and has recently awarded the scholarship to 14 Wisconsin area high school graduates with a few still pending.

The Maple Bluff Outing is one of the largest scholarship fund-raising events in Wisconsin. Through your attendance at the Maple Bluff

Outing, you are helping to ensure the ongoing strength of the Evans Scholars Foundation.

Over the course of the past year, the Evans Scholars of the University of Wisconsin-Madison have actively volunteered throughout the university and community. Collectively, the Evans Scholars are active members in over 45 different student organizations at Madison. Charities that we serve include, St. Marks Food Pantry, Habitat for Humanity of Dane County, Special Olympics, Relay for Life, Thon, and our bi-annual blood drives. These efforts have positively impacted the community and strengthened house camaraderie.

Two primary goals for the Madison Chapter Evans House are to lower operating costs by reducing energy and to continue strong service in the community. It is important for us to work on saving energy, not only as a means to reduce costs, but also to modernize and upgrade utility efficiencies at the house. Last year we were able to reduce our combined heat, power, and water usage by over 100%.

I hope to personally greet you at this year's annual golf event at Maple Bluff CC.

### The Evans Scholars

When Chicago golf great Chick Evans Jr. founded the Evans Scholars Program in 1930, his goal was simple: give something back to the game of golf by establishing a scholarship fund for needy caddies. Since then, more than 10,000 young men and women have benefited from Chick's vision. The Western Golf Association has sponsored the Evans Scholars Program since its inception. Evans Scholarship Houses are located at the following universities:

Northwestern (1940)	Ohio State (1962)
Illinois (1951)	Purdue (1967)
Michigan (1952)	Colorado (1967)
Wisconsin (1953)	Missouri (1968)
Michigan State (1955)	Indiana (1969)
Marquette (1955)	Miami (1974)
Minnesota (1958)	Northern Illinois (1987)
