

**Food Service Parent Permission
Form for
2015-2016 School Year**

Please complete this permission form if you would like your student to use his/her meal account to buy ala carte items other than a daily breakfast/lunch meal. Ala carte items are defined as any additional food/drink item purchased separately. Sign and return this form to the food service department. We must have this form signed and on file in order for your student to charge. This privilege may be cancelled at any time by parent (notify in writing) and must be renewed at the start of each new school year.

use his/her meal account to buy extra food/drink items. All ala carte items are an additional charge for students who qualify for free and reduced lunches and an adequate amount of funds must be in their account before they can charge to their account. I acknowledge that if such permission is granted, then money must be deposited in the account to cover any additional costs of these items. **If the student doesn't deposit money into the account, he/she may be denied the ability to charge and won't be allowed to use the account to purchase extra items until adequate money is deposited into the account.** I understand that Food Service reserves the right to cancel the above privileges should the student's account balance fall below the charge for one lunch or if a student demonstrates a history of over-charging. The student will be notified that he/she won't be allowed to use account to purchase ala carte items. The student will be asked to pay cash for extra purchases.
