The Graduate Assistantship requires the student to work in the Master of Humanities Program office assisting the Program Director and the Support Staff in their administrative responsibilities. It is awarded to a student having a strong academic record and the professional skills required for the position. In a short essay (no more than 250 words) please discuss how your education and experience qualify you for this assistantship. This essay should be different from the "statement of purpose" that you submitted with your Master of Humanities Program application.
