### 3. Additional Application Note

Make sure that you list the latest possible date you can move into the apartment. In most cases we will be able to move you prior to this date but this helps us to properly prepare each unit in a timely manner.

## ***B. Delaware Park Property Checklist***

### 1. Sign and Date the Delaware Park Property Checklist

Each Kenmore Development Apartment Community has a property checklist. The purpose of the checklist is to clarify in simple terms what is included in the rent and what a renter can expect from Kenmore Development. Property checklists have proven to define and enhance understanding between renters and Kenmore Development. Please read the checklist carefully and sign and date at the bottom.

### 2. Most items on the checklist are self-explanatory. Here is an explanation of the items that are not.

#### **-The \$50.00 Incentive has been explained to applicant.**

The \$50.00 Incentive is an incentive clause in every Kenmore Development lease. It states that if the rent is paid in a timely manner, your rental payment can be reduced by \$50.00.

Here's how it works:

- If you rented an apartment from Kenmore Development and the monthly rent is \$100.
- Your lease would actually state that the rent is \$150.
- Your lease will also have a clause right below the listed rent amount stating that if the rent is paid in a timely manner (the 1<sup>st</sup> of the month), then the renter can reduce their rent payment by \$50. This is not a rebate; you can simply reduce your rent payment by \$50.
- Hence you would only pay the full amount stated on your lease if you failed to pay your rent within the first five days of each month. After the 5<sup>th</sup> of each month, the \$50 incentive is added to your rent payment for that month.

#### **-Applicant has received Resident Handbook, EPA Handbook, and Lead-Based Paint disclosure information.**

You will receive hard copies of both the Kenmore Development Resident Handbook and EPA Handbook when we meet you in person. Both can also be downloaded online anytime from the addresses below (note: addresses are case sensitive).

EPA Handbook: <http://www.kendev.com/lead.pdf>

Resident Handbook: <http://www.kendev.com/kdrh.pdf>

The Lead-Based Paint disclosure information is included in this lease package.

## ***C. Disclosure of Information on Lead Based Paint & Lead-Based Paint Hazards***

This form and the corresponding 1.0 Policy Statement are required by Federal Law for all renters at the Delaware Park Apartments. Please note that this is required in order to rent at most apartment communities in the United States and is not exclusive to the Delaware Park Apartments.

In order for you to complete this form do the following:

1. Read EPA Handbook; *Protect Your Family From Lead In Your Home*.
2. Read the 1.0 Policy Statement that is included in this Delaware Park Lease package. In simple terms the 1.0 Policy Statement indicates that there are trace amounts of lead based paint under numerous coats of latex paint.
3. Initial (c) Lessee's Acknowledgment. This indicates that you have received Policy Statement 1.0
4. Initial (d) Lessee's Acknowledgment. This indicates that you have received the pamphlet *Protect Your Family from Lead in Your Home*.
5. Sign and date as "Lessee" in the Certification of Accuracy section. This verifies that you understand the information that was provided to you.

## **1.0 Policy Statement**

The Delaware Park Apartments, 1975-2035 Delaware Avenue, Buffalo, N.Y. hereby adopts this Lead-Based Paint Operations and Maintenance Plan (O & M Plan) to minimize ingestion of and airborne exposure to inorganic lead from lead-based paint.

Delaware Park Apartments has discovered that lead-based paint (>0.5 percent lead by weight) is present in 4 of 14 paint samples tested during a recent environmental assessment of the property. This is not particularly unusual as leaded paints are common in structures of similar age and construction. The results of the environmental assessment do not make it possible to determine every painted surface that contains lead-based paint, but all painted surfaces inspected were in good condition with no peeling, cracking, or paint dusting noticed.

Since digestion and inhalation of lead-based paint occur from deteriorated painted surfaces, this O & M Plan will function to monitor and keep intact all apartments to use this O & M Plan to regularly monitor painted surfaces at the property and remedy conditions where necessary.
