Dentureid.com

Market Research Response Form

The purpose of this document is to record responses to this new concept in denture identification. This product is not yet approved for use with humans by the US Food and Drug Administration. You are being given a sample of this product for **NON-CLINICAL USE ONLY**. We would like your feedback on the language (copy) used in the literature, certificate website and phone app. The following items can be viewed at this website: www.nobilium.com/dentureid

- A. Literature
- B. Directions For Use (if you are a dental technician)
- C. Certificate (Lab, Dentist, Patient)
- D. Dentureid.com website
- E. Smartphone app

Then complete the questionnaire below:

Statement	Strongly Disagree	Disagree	Neutral	Agree	Strongly Agree
1. The literature is easy to understand					
2. A patient would understand the DentureID concept by reading the literature					
3. The Directions For Use was easy to follow					
4. The DentureID.com website fully explained the concept					
5. The DentureID.com smartphone app was easy to use					
6. I would use DentureID.com microchips on most of my dentures
