

Monitoring Learner Progress

A) The Assessment Plan What is your school's assessment plan? Provide an informative written description of the plan, methodologies, tools and processes used for assessing student academic progress at specific grade levels. (See scoring rubric for additional details.) B) Analyzing the Assessment Plan How is the assessment plan analyzed and known? Provide an informative written description and supporting evidence that specifies how the data gathered was reviewed, analyzed and/or interpreted by appropriate stakeholders. (See scoring rubric for additional detail which includes comparative data from previous years.) List the evidence that is attached: 1.	Scl	nool and City:
B) Analyzing the Assessment Plan How is the assessment plan analyzed and known? Provide an informative written description and supporting evidence that specifies how the data gathered was reviewed, analyzed and/or interpreted by appropriate stakeholders. (See scoring rubric for additional detail which includes comparative data from previous years.) List the evidence that is attached: 1.	A)	What is your school's assessment plan?
