Dear Parent or Guardian:

Thank you for inquiring about the Waiver Request Program. The Yucaipa-Calimesa Joint Unified School District does not generally approve waivers to the District's transportation policy. However, a parent requesting a transportation waiver for a student must show a valid need and must have site administrator approval prior to requesting District approval. A valid need is usually confined to requests such as substantiated medical reasons or requests based on the best interests of child welfare.

In order to qualify for the waiver request program, the following conditions must be met:

1. Parents must submit a Waiver Request Form (section below) for their student through the attending school. Students approved for the waiver request must use established, existing bus routes. No additional bus stops will be added to the route. Be aware that bus stop locations might be a considerable distance from your home and, therefore, riding the bus might not be the best alternative.
2. Students must abide by and obey all "Bus Conduct/Safety Rules." Please refer to the Transportation Conduct/Safety Procedures pamphlet. The school bus is an extension of the classroom, and appropriate behavior is expected at all times.

Please note: If seating space becomes unavailable, your child will lose his/her bus riding privilege. Notification will come from your child's attending school principal. Should you have further questions, you may contact your student's school site or the Transportation Services Manager at (909) 797-0174, Extension 206.
