**NEW STORE OFFERS UNIQUE RETAIL EXPERIENCE TO LOCAL SHOPPERS
AND CONSIGNMENT OPPORTUNITIES TO COMMUNITY**

August 28, 2009 - Please join Alex McCord (Real Housewives of NYC) and co-host Derek Warburton (DerekLovesShopping.com), as they celebrate the opening of Second Time Around, "From Boston to Westport", on Saturday, August 29th from 3:00 PM to 5:00 PM.

Second Time Around, a chain of high-end, designer consignment resale stores headquartered in the Boston area with 20 stores up and down the east coast from Maine to Connecticut, opens its 21st location in Westport, CT August 20th at 135 Post Road East. This new location presents local shoppers with a unique shopping experience, offering high-end clothing, outerwear, footwear, and accessories at a considerable discount. The store also offers consignment opportunities to the community. The New York store opened in late June 2009, and was promptly written up by Vanity Fair online as one of the top three consignment stores in New York City.

Every Second Time Around boutique has an experienced staff and a welcoming atmosphere for shoppers. Other customer and consignor benefits include a Frequent Buyer Card, a wish-list membership to assist customers in finding their perfect purchase, automatic check payments for consignors, and rewards to current consignors who refer new consignors. Consignors may log on to their secure online account at any time 24/7 to monitor their items, and can elect to receive text messages when items are sold. Proceeds from consigned items may also be donated to a charity should the consignor desire.

While other companies strive to go green, Second Time Around has long been a leader in eco-savvy, sustainable fashion. "Second Time Around is beyond excited to expand to Westport. As a leader in consignment shopping and the eco-luxury movement, we think Second Time Around will add a unique experience for customers," said President, Jeffrey Casler. "We look forward to seeing the store take shape in this new location and are excited to be part of this great retail neighborhood." The idea of recycling clothing particularly appealed to the newest member of the team, Alex McCord of Bravo's Real Housewives of New York and Director of Creative Operations for STA. "This is the right idea at the right time," said McCord. "Given the turns the economy has taken recently, the expansion of designer resale is good for both the economic and environmental climate."
